

ful camp, kind and courteous treatment." The island's charms made such an impression that it secured a wonderful camping outfit, and chartered a motor boat for a three months cruise.

Dr. E. E. Lane, of Aberdeen, Washington, Dr. J. T. Colenan, also of Washington, and Dr. Thompson, of Seattle, are among other motor tourists to Victoria in the last few days.

PROVINCE TO ACT UPON BLUE SKY LAWS INTO FORCE

Officials of the Attorney-General's Department here are making a study of "blue-sky" legislation now in preparation for a probable action before the Supreme Court of Canada to test the powers of the Provincial Government to enact "blue sky" laws. Complete copies of judgments handed down on the "blue sky" laws of other Canadian provinces are before officials of the Attorney-General's Department now. It was made known to-day.

Attorney-General Manson pointed out to-day that the Appellate Court of Saskatchewan recently decided that the Saskatchewan "blue sky" laws were ultra vires of the province. This would seem to indicate that the hands of the provinces were tied in handling such legislation, he remarked. The provinces of the Dominion probably will unite on the matter and press at Ottawa for the right to legislate, Mr. Manson intimated.

\$15,000 A DAY

(Continued from page 1.)
at one hotel persons from Washington, Oregon, California, Illinois, Pennsylvania, New Jersey, Missouri, Tennessee, Nebraska, Minnesota, Texas, Michigan, New York, Oklahoma, Connecticut, Wisconsin, Massachusetts, Iowa, Louisiana, Toronto, Montreal, Edmonton, Winnipeg, Hamilton, and Lethbridge—persons who have heard of Victoria and have come to stay anywhere from a day to a month.

Cars parked around the hotel bear license plates from every part of this continent, having come from as far away as the New England states, New York, Virginia, Alabama, Florida, and Panama. Three cars have even come here from the Hawaiian Islands.

On days when transpacific steamers arrive the hotel registers will embrace almost every part of the world.

Many Victoria stores are doing a good business at this season of the year, some chiefly, and others almost entirely on tourist trade. American visitors are buying heavily of distinctive goods which cannot be obtained in many places in their own country. Houses here carrying woolen and imported sports clothes, linens, a large trade with transients. Shopkeepers who a few years ago ridiculed the idea of tourist trade having any value to them, are now telling one another when they meet of big orders they are filling for visitors.

One clothier had the experience of a visitor coming in the other day and buying a few woolen roof socks. A few days later the visitor returned and purchased a quantity of distinctive goods which he found in stock. His bill came to over \$200.

Another visitor to a store dropped in with his wife. Before they left they bought clothing to take home with them, and their bill was \$400.

Persons engaged in businesses having to do with the handling of tourists say that the tourist industry here is only in its earliest infancy, that next year the benefit this city will receive will be increased greatly.

Transportation men's returns enable them to estimate that the business this month is 24 per cent. better than August, 1922.

President Byram, of the Chicago, Milwaukee and Puget Sound Railway, who has been here during the last few days, asserted definitely that tourist travel in this district will be several times as great within a short time.

This statement he made after a survey of railroad and travel conditions generally on his way across the continent and on this coast.

So prominent a place has tourist traffic assumed in the economy of this district because of the pressure of visitors attracted by the mild summer climate and distinctive natural beauties, that business men and others are turning and giving it more consideration than ever.

The all agree that the success of tourist travel so far means that this city should do everything within its power to increase that travel by advertising, by making conditions attractive for visitors when they come.

BABY DROWNED IN TUB

Greene, Ia., Aug. 17.—Kathryna, twelve-months-old daughter of Mr. and Mrs. H. G. Meyer, residing here, was drowned in a tub half-filled with water, into which she fell head first. The mother, seeing the child's plight, faintly as she rushed to the rescue.

SOUTH AFRICAN MINING OPERATORS LOOKING TO B.C.

Big South African mining companies which have surprised the world by the fields they have opened and developed in that country are now turning their attention to British Columbia and are making plans to open operations here, Nicol Thompson, one of the outstanding mining authorities of this Province on mining, announced to-day on his visit to this city after his return from England, where he conferred with business and mining men.

Mr. Thompson indicated that the South African operators were looking chiefly to the northern part of the Province which has already started the world with some of the discoveries.

As a direct result of the visit of the Vancouver Board of Trade to England direct steamship lines are to be established between Bristol and Manchester and the B. C. coast, he said.

General standard of living of the people in England is now much better than it was twenty years ago, despite bad conditions in the shipping industry caused by the spare idle tonnage in all harbors of the world, he said. He thought things would pick up in England if confidence could be restored.

HAIR TONIC WAS MOSTLY ALCOHOL

Veritable Lake Seized in Chicago, Most Powerful on Record

Toronto, Aug. 17.—The Globe to-day has the following dispatch from Chicago:

A veritable lake of hair tonic, 2,448 cases, 28,276 pints, sufficient to make Chicago the hairiest city in the world and keep the barker's union busy for many months, was said to-day by Federal prohibition agents who found it contained ninety-three per cent. alcohol.

"This is the most powerful hair tonic ever seized," said William Hassel, government operative. "It is strong enough to grow hair on a doorknob."

FINAL EFFORT TO AVERT COAL STRIKE

Coal Commission Calls Meeting of Operators' Leader and Union President

New York, Aug. 17.—In a final effort to maintain peace in the anthracite coal fields after September 1, the United States coal commission to-day called U. D. Wattiner, leader of the operators and John L. Lewis, president of the United Mine Workers of America, for a fact-to-face conference.

ANTI-FASCISTI RIOT DURING FUNERAL

Object to Funeral of Compilgure War Hero; Thirty Wounded

Genoa, Aug. 17.—Thirty persons were wounded, three of them gravely, in fighting yesterday at Campoligure, between Fascisti and anti-Fascisti elements. The trouble began during a funeral of a local hero, Paula Santa Maria, whose body had been transported from the former Italian battle-front for burial in his native city.

The anti-Fascisti objected to the funeral and tried to interfere with it. This provoked an attack by the Fascisti who accompanied the body to the cemetery. Campoligure is occupied by soldiers who are maintaining order.

NONE CAN IDENTIFY SUSPECTED BANDITS

Witnesses and Messengers View Pictures of Trio

Toronto, Aug. 17.—Efforts to identify the three suspects held at Montreal in connection with the day light hold-up of bank messengers in the heart of the financial district here, July 24, failed to-day when several witnesses and bank messengers who saw the bandits viewed pictures of the trio forwarded to local police headquarters yesterday by the Montreal police. None of those who have seen the pictures was ready to say that any of the three fitted the description of the men whom they saw holding up the bank messengers and shooting down three of them.

WESTERN BOYS TO ENTER COLLEGE AT KINGSTON

Ottawa, Aug. 17.—Successful candidates from Western Canada for admission to the Royal Military College of Kingston, are announced by the Department of National Defence, as follows:

British Columbia—R. Elliott, A. T. Fell, G. Gaisford, J. M. McKay, J. R. Morris, V. E. Odtum, F. O. Pollard, W. E. Walker and A. W. Wolfe-Morton.

Alberta—F. E. Fletcher, C. O. Pannell and G. D. Talbot.

FEW KILLED ON BRITISH RAILWAYS

London, Aug. 17.—Only five passengers of the 1,184,478,000 carried on English railways during 1922 were killed in accidents. This is one passenger in every 237,000,000.

FASCISTI ISSUE AN ULTIMATUM TO COMMUNISTS

Bologna, Aug. 17.—The Fascisti in the town of Bologna have given the Communists forty-eight hours more to obey the Fascisti ultimatum that they provide assurances that there will be no more bomb throwing such as that Tuesday, when twenty-six persons were injured.

TWENTY-MILE BLAZE IN SANTA BARBARA

Heavy North Wind Fans Forest Flames

Santa Barbara, Calif., Aug. 17.—Fire fighters are making a valiant stand to-day to check the flames that are blazing on a twenty-mile frontier in the Santa Barbara National Forest. Heavy north winds fanned embers of a fire into new menace yesterday, after forest rangers and impressed fire fighters had apparently won a twelve-day battle, during which the flames were beyond control. Within a few hours the re-kindled fire had passed out of control, according to Chester Jordan, forest supervisor.

The flames were visible for many miles last night and to-day a heavy smoke cloud was in the sky. Ashes fell on Santa Barbara.

Wading to Brink Of Niagara Falls Man Was Arrested

Niagara Falls, Ont., Aug. 17.—As the result of an argument as to the possibility of a man wading to the brink of the falls in low water, W. M. Sullivan, a sailor, yesterday waded out ten feet from shore and then down stream until he could overlook the brink of the American falls. When he returned to land Sullivan was arrested on a charge of being drunk.

PLASTERERS' WAGE LURES PROFESSOR

Pay in Chicago Runs As High As \$500 a Month

Chicago, Aug. 17.—Plasterers wages of \$104 and more a week are causing students, ministers and members of other professions to take up the trowel in Evanston, where work on a new hotel is in progress. Until recently Rev. Frank Cummings was a member of the plastering gang. George Sellick, of Portland, Ore., a graduate of Washington University, a civil engineer and a holder of several degrees, recently turned down the offer of a professorship to join the plasterers.

"I learned the trade in high school and worked my way through college," Sellick said. "When I graduated in 1917, I found the trade paid better than my profession as an engineer. Members of my graduating class are working for \$200 a month and my pay runs between \$400 and \$500."

SECOND DROP IN SUGAR PRICE IN WEEK ANNOUNCED

Vancouver, 17.—Another drop of fifteen cents in the price of granulated sugar to 42.35 is announced here. This is the second reduction this week.

ADVOCATE GENERAL OF PARIS BAR TO VISIT MONTREAL

Montreal, Aug. 17.—It is announced that instead of Jean Appleton, of Lyons, who was to have represented the French bar at the eighth annual meeting of the Canadian Bar Association to be held here September 4 to 6, Maitre Mancel, Advocate-General of the Paris bar, will come to Montreal. He will be accompanied by M. Lepaulle, of Paris. M. Mancel will address the convention September 5, when Chief Justice LeDoux will be the chairman of the meeting. In added speaker to the convention will be Martin Conboy, of New York, who will represent the American Bar Association. Hon. Sir Douglas Haasen, Chief Justice of New Brunswick, will also speak.

KILLED TRYING TO ESCAPE

St. Paul, Aug. 17.—Edwin Rust, slayer of Sheriff I. C. Faulkner, of Aberdeen, S.D., was shot and killed in a gun fight with St. Paul detectives here early to-day when they sought to arrest him a few hours after he escaped handcuffed from two other officers.

HOME BANK IS REPORTED IN DIFFICULTIES

Toronto, Aug. 17.—It is rumored on the streets here that the Home Bank of Canada is facing financial difficulties.

It is apparent from the report and from inquiry with respect thereto, by the board that the resources of the bank have been seriously impaired. As no readjustment of capital or reserve could meet the situation disclosed, an auditor has been made by the board to have the assets and liabilities of the bank as a going concern, taken over by some other bank, or banks. This has been found impracticable.

The Board of Directors of the Home Bank of Canada announced that they have received from the recently appointed assistant general manager of the bank an official report of a serious character as to the amount of bad and doubtful debts among the assets of the bank and as to the extent of appropriations necessary to be made in respect of a number of large loans and investments.

In the circumstances, it is stated, the immediate liquid resources of the bank have been practically depleted, the board, for the purpose of conserving the assets of the bank for the pro rata benefit of its depositors and other creditors, according to their status respectively, have decided to suspend payment.

The Canadian Bankers' Association having been notified of this action on the part of the board, has in accordance with provisions of the Bank Act, appointed a curator to supervise the affairs of the bank and protect the rights and interests of its depositors and shareholders. It is with the deepest regret that the Board of Directors of the bank find themselves obliged to make this serious announcement to its depositors and shareholders and the public generally and it is their earnest hope that with careful administration and realization of the assets of the bank, material loss to creditors may be averted.

Suspension in no way involves the value of the bills of the bank in circulation. These will be redeemed at their face value on presentation to any of the other chartered banks.

ELLIS ISLAND CONDITIONS RAISE STRONG PROTEST

London, Aug. 17.—Ambassador Geddes' report on conditions at Ellis Island is the subject of lengthy comment in the morning newspapers to-day. The editorial writers express horror and disgust at the worst features of the ambassador's statement, and say they are appalled that public opinion in the United States would so lightly resent it if "their own decent" clean-living and respectable nations were obliged to seek entry into a foreign country under such conditions. There is complete unanimity in all the editorials that the selection of immigrants should be made on the basis of the Atlantic rather than on United States shores.

Davis Replies

Washington, Aug. 17.—Replying to the latest British attack on conditions at the immigrant station at Ellis Island, Secretary Davis, of the Labor Department, declared to-day that "the immigrants themselves" were responsible for most of the troubles complained of. That Mr. Davis said, was perfectly apparent from the report of Sir Auckland Geddes, the British Ambassador, recently submitted at London.

PROF. DICKINSON HERE

F. S. Dickinson, former Victoria newspaper man and fiction writer, now professor of public speaking, is visiting Victoria to fulfill contracts with a number of public men in this district, whom he is instructing in public speaking.

Since he left Victoria Mr. Dickinson has taken up his lecture work and lately has been professor in charge of Y.M.C.A. public speaking courses. He will leave Victoria the end of the month for Toronto where he has been engaged by the Rotary and Kiwanis Clubs to give their members lectures, after which he will return to his Y.M.C.A. work.

BOGUS CHEQUE ARTISTS

Quebec, Aug. 17.—Working on the case of the bogus cheque artists who had succeeded in getting from \$7,000 to \$10,000 out of local banks within the past few days, detectives to-day arrested a man near Sherbrooke. It is said that part of the money obtained from the banks was found on the prisoner's person.

The Silhouette For Fall

Is Slim With a Parisian Tendency to Flare

EACH day's arrival of new costumes brings a further revelation of the leading style trends for Fall. Slim lines are emphasized but with a bit of a flare injected somewhere to give a smart accent. In frocks it may be a series of circular tiers, in coats a circular knee flounce or a godet that ripples at one side. Lingerie frills are quite a la mode and many a tissue wrapping is brushed aside to reveal bonny trimmings. There's quite an array with more on the way. Better stop in and look.

DUNCAN HOSPITAL DIRECTORS MEETING

Eighty Patients Treated During July; New Housekeeper Appointed
Special to The Times
Duncan, August 17.—The monthly meeting of the Board of Directors of the King's Daughters' Hospital was held Wednesday. The number of patients treated in July was eighty, and the number of days' treatment 192, an average per day of 2.95. The turnover was \$2,357.45. The position of housekeeper at the nurses' home has been filled by Miss Grant, and Miss Agnes Grant has taken the post of domestic help in the hospital. It was decided to repaint the outside of the old building at a cost of \$325, also to cover the floor of the men's ward with Battersea linoleum at a cost of \$250.
An addition has been put on to the Chinese shack for the cook and his assistant. The treasurer's report for July shows receipts of \$2,248.00, and expenses totalling \$2,780.18. Accounts payable total \$2,559.57, which were passed by the board.
Those present were W. H. Elkington, chairman; Mrs. H. A. S. Morley (Victoria), Miss Margaret Ross (Vancouver), Mesdames Whitborne, Elkington, Corbushley and Christmas, Miss Wilson, Dr. H. F. D. Stephens and E. W. Carr-Hilton, secretary.

AUSTRALIA WILL INNAUGURATE NEW FEDERAL CAPITAL

Melbourne, Aug. 17.—The next session of the Australian Parliament will be in Canberra, the new Federal capital. The Australian capital was laid out by an American architect, Walter Griffin, of Chicago.
Canberra is situated on a splendid undulating plateau, about 2,000 feet above sea level, a little to the north of the highest peaks of the Australian Alps. The city site is divided by three large sheets of water, supplied by the sluggish Murrumbidgee River, and adorned by parks and boulevards. The Parliament House and Government Buildings will face a central lake with streets laid out in octagonal form around them. On one side will be a fan-shaped residential quarter; on the other the university, municipal and industrial centers. Main thoroughfares will radiate from the Parliament Building.

CAMPER FINED

PRINCE OF WALES' RANCH IN ALBERTA COVERS MANY ACRES

Much Pure-Bred Stock Added in Recent Months

London, Aug. 17.—In connection with the approaching visit of the Prince of Wales to his ranch in Alberta some interesting information about the ranch is given by The Times. Traveling under the name of the Duke of Cornwall, His Royal Highness will make the trip as a private citizen of the Empire and he will not accept engagements of any kind while in the Dominion.

The coming visit of the popular Prince is regarded as a proof of the serious business character of his Canadian enterprise and also of his close personal interest in agricultural affairs generally.

Fine Herds

The Royal Edward Prince Ranch at Pekisko, Calgary, is situated on the foothills of the Rocky Mountains, and extends to some thousands of acres pasture, with about 200 acres under cultivation for the production of supplementary winter feed. The ranch is managed by W. L. Carlyle, who was recently in England and took back with him consignments of Shorthorn cattle and Hampshire down sheep to replenish the herd and stock of pure-bred stock on the ranch, and also three young Clydesdale fillies as a nucleus of a new stud of the Scottish breed of draught horses, the type popular in Western Canada. The King's thoroughbred stallion, Will Somers, was also included in the interesting shipment, it being the intention to let this representative of the turf stand at the E. P. Ranch for the benefit of the stud-owners of the province. The herd, at the head of which stands the bull Prince of the Cattle, a prize winner for the Stoke Newington herd in which he was bred before being exported, now numbers nearly 100 head, and any degree of grade cattle will be displaced by registered Shorthorns.

The sheep flock are Hampshire Down and Shropshires, the former having been recently increased by important consignments from England. The Hampshire breed has many supporters in the western provinces of Canada and the United States.

CHINA IS TAKING TIME TO CONSIDER INDEMNITY DEMANDS

Peking, Aug. 17.—To date no reply has been received from the Chinese Government by the foreign diplomats who recently presented to the government a lengthy demand for indemnity for the capture and imprisonment of foreigners last May and June by the Suichow train bandits.

Reports regarding preliminary consideration of the demands by the Foreign Office, revealed that there is opposition to the diplomats' suggestion that hereafter increases be guarded with foreign officers in command of the guards, as a guarantee of safety to foreign travelers, but that there is an inclination to accede to the demands for compensation.

Meanwhile, it is understood to be desired by Chinese officials that the question of government sanction of banditry be held in abeyance. The diplomats, in a statement accompanying the demands, accused the government of acquiescing in the depredations of outlaws.

Newspapers disagree on what China should do about the demands, but admit something should be done. The Shun Tien Shing newspaper, which has been the loudest in its denunciation of the government's capacity to defend the treaty rights of foreigners, and expresses the belief that the government will gain nothing by protesting, and suggests that the people must co-operatively restore order and thereby render the warning of foreigners unnecessary. The Shing Shing Pao thinks there should have been no demands beyond those for compensation. It says the responsible officials should be punished, but voluntarily, and not under coercion, and that in this respect, the diplomats should be asked to withdraw their demands.

The Standard Japanese, declares the foreign diplomats are hopelessly muddled, demanding punishment of officials, while the bandits are immune and even rewarded.

BRITAIN REPORTED PLANNING LOAN TO IRISH FREE STATE

London, Aug. 17.—Great Britain, according to The Morning Post, is arranging a loan of £5,000,000 for the Irish Free State.

In effect, the paper says, the Government is abandoning its claim to compensation for the damage to British property in Southern Ireland during the disturbed period.

WORK ON HUDSON BAY LINE RETARDED

Saskatoon, Aug. 17.—Construction work on the Hudson Bay Railway is being greatly retarded through delay in shipping material and the impossibility of obtaining labor at the low wages offered, according to a special dispatch received today from the P.A.S. by The Saskatoon Phoenix.

Whereas men engaged on construction on main and branch lines of the Canadian National lines are being paid a minimum wage of 35 cents an hour, the authorities are only offering 20 cents an hour for similar work on the Hudson Bay Railway. Men who have hired on at construction work have quit to take other jobs in the North at higher wages, the dispatch says. Others who are newcomers to the Dominion quit work after one day, claiming that they had been grossly misinformed as to labor conditions in Canada, and that they are able to obtain higher wages in the Old Country.

PERSONNEL OF PENSIONS APPEAL BOARD ANNOUNCED

Col. W. G. Belton Permanent Chairman of Body

Ottawa, Aug. 17.—Colonel W. G. Belton, of Toronto, will act as permanent chairman of the Central Board of Appeal, constituted under the Pensions Act amendments of last session, it was announced last night by Hon. H. S. Beland, Minister of Soldiers' Civil Re-establishment, in the absence of the Minister of Justice, under whose jurisdiction the Board will function. The members of the Board of Appeal are: C. B. Reilly, K. C., Montreal, formerly of Calgary; Captain C. W. Meath, at present in charge of the Dominion Employment Service at Toronto; Lieutenant-Colonel J. Roy, M. C., civil engineer, of Quebec; and Captain Bruce L. Wickware, M. D., of Ottawa, formerly superintendent of the Moose Jaw General Hospital.

In making the announcement, the Minister said that the personnel of the Board had been carefully selected by the Government, and he felt sure that it guaranteed to the men that the review of all decisions of the Pension Commissioners will be carried out in the spirit of the legislation. The Board's first session based upon recommendations of the Ralston Commission; that the decisions will be absolutely free from the influence of the Pension Commission or of the so-called bureaucracy at Ottawa to which so much exception was taken by the representatives of the veterans' association.

Noted Physician

Colonel Belton, chairman of the Board, is a former practicing physician of London, Ont., holding Toronto, Edinburgh and London, England, degrees in medicine and surgery. In 1897 he was appointed to the permanent staff of the Canadian militia, and at the outbreak of war was appointed director of medical service, Military District No. 4, being subsequently transferred to the same capacity to Military District No. 10.

In 1915 he was appointed to the Pensions and Claims Board, becoming, next year, medical adviser to the Board of Pensions Commissioners. He was later transferred from the headquarters staff at Ottawa to the Toronto unit as medical examiner, where he has served since.

Organized at Once

The Board, it is stated by Department headquarters, will organize and begin work at once. Several hundred cases already await reconsideration. Appeals from the Board of Pensions Commissioners will be dealt with in the light of recent amendments to the Pensions Act which restored the insurance principle of the original act whereby pensions may be granted for any disability incurred during the war service, whether such disability was directly attributable to actual military operations or not.

This principle, disappeared by the amending Act of 1920, which provided that the disability should be pensionable only when directly attributable to war service.

The Board is given discretionary powers to deal with "special meritorious cases" for which no provision has been made in the Act. Appeals may be heard by individual members of the board sitting at various places throughout the Dominion, but the appellant, if dissatisfied, may carry case to a quorum of the board sitting at Ottawa.

It has been estimated by the Board of Commissioners that the cost to the country for arrears of cases to be considered under the insurance principle of the Act, will amount to approximately \$450,000, with an additional \$100,000 to cover annual payments for some years to come.

The special soldiers' advisers provided for in legislation last session who will be charged with the duty of assisting all ex-members in matters pertaining to re-establishment, treatment and pension, will be appointed as soon as nominations are received by the minister from the Veterans' Association, it was stated.

C. B. Reilly, K. C., Montreal, was practicing law in Calgary before the war. He was wounded at the Somme and was then attached to the French Liaison Commission at Washington and New York. He has been intimately associated with Montreal veterans' associations departmental offices, and is looked upon as a man with a close knowledge of soldiers' problems.

Capt. Meath, of Toronto, was prior to the war a manufacturer's agent in Toronto. He enlisted as a private in 1915, and after nearly four years' service was discharged with the rank of captain. He has been three years in the past director of the employment service of Canada for the province of Ontario.

Lieut.-Col. John Roy, M. C., of Quebec, is a prominent civil engineer, who won the military cross with two bars, as head of the 22nd Battalion, in France.

He has served for two years on the Imperial War Graves Commission. Capt. Bruce L. Wickware was, at the time war broke out, superintendent of the Moose Jaw general hospital. He is a graduate of Queen's University, and had three years' overseas service with No. 2 general hospital.

MEMBERS OF ALBERTA WHEAT POOL RESIGN

Calgary, Aug. 17.—O. N. Gilbert and E. S. Dorsey, unorganized Farmer members of the Alberta wheat pool committee, resigned yesterday afternoon and John L. McFarlane, president of the Alberta Wheat Pool Company, and also a member of the committee, is declared to have walked out of the meeting.

Mr. Gilbert said the disagreement arose over the question of printing and circulating contracts before definite arrangements had been made for elevator facilities and a manager for the pool as well as the plan to ask farmers to sign the pool contract at once. Mr. Gilbert says that "few farmers or perhaps lawyers will know what the proposed contract really means."

COST OF RUNNING LEAGUE OF NATIONS

Reports of Extravagance Proved to Be Unfounded

Ottawa, Ont., Aug. 17.—In view of the oft-repeated assertion that the League of Nations is being run on costly and extravagant lines and of the recent statement that "the expenses have grown beyond expectation," these giving an impression of wasteful and uncontrolled expenditures, the League of Nations Society in Canada draws attention to the concluding paragraph of the Supervisory Commission, appointed to check the League's budget for 1924.

The commissioners say: "As a result of these additions for the labor office and for the provision of a pension scheme the general budget of the league as approved by the Supervisory Commission amounts to 24,988,875 francs. It will be noted that notwithstanding the inclusion in the estimates for 1924 of the sum of 2,320,274 francs for the working capital fund as compared with 500,000 francs in the budget for 1923, the estimates for 1924 are 654,632 francs less than the budget for 1923."

The Canadian society points out and emphasizes the fact that the combined cost of the League, of the Permanent Court of Justice and of the International Labor Bureau for the ensuing year is \$4,988,702, which is only one-fourth of the amount spent by Great Britain alone for one day's war expenditure, and is about one-third the cost of one first-class modern battleship.

Canada's contribution to the League of Nations, it is pointed out, is \$198,668 a year, or about \$2,800 weekly, not a big price to pay for the best available insurance against another world war, when it is remembered that this country will have to provide \$56,729,480, or more than one million dollars a week, during 1924, to pay for the aftermath of the last conflict. The details of this expenditure are:

Great War Pensions.....	\$2,583,700
Soldiers' Civil Re-establishment	12,862,000
Administration of War Taxes	2,200,000
Soldiers' Settlement	\$490,000
War Graves Commission	573,780
Grants for Blind Soldiers	10,000
	\$56,729,480

It is interesting to learn that the salaries paid in the Soldiers' Civil Re-establishment Department and the Board of Pensions Commissioners total \$4,505,900, or only \$176,000 less than the total cost of the League of Nations, Permanent Court and Labor Bureau combined.

In view of the widely held belief that the League of Nations Society derives financial assistance from the sums voted by Government for the League of Nations, it is opportune to say that the Society in Canada is maintained entirely by voluntary subscriptions.

INDUCEMENTS NOT BEING OFFERED TO GERMAN IMMIGRANTS

Ottawa, Aug. 17.—Officials of the Federal Department of Immigration, whose attention was drawn last night to a statement from Munich in which it was alleged that the Canadian Government was trying to induce Bavarians, Germans, Austrians and Turks to come to this country, denied the truth of the report and expressed the view that the Bavarian newspaper must be referring to transportation company propaganda, and not to government action.

The dispatch continues to the effect that the Canadian Government was prepared to give free transportation to Germans, Austrians, Bavarians and Turks in an effort to attract farmers to this country.

Officials of the immigration department gave an unqualified denial of this statement and added that the only assistance extended to immigrants was afforded under the British Empire settlement scheme.

On the other hand, officials claim, immigrants from the countries referred to in the dispatch, are closely scrutinized to determine that they are really farmers.

"I did what I could, Tony—I told her you had more money than sense."

"And what did she say?"

"She asked if you had any money."

—Bystander.

FREE—10 Much Finer Shaves! Cleaner Shaves—Quicker with no skin irritation!

If you were paid for putting into words the perfect shave, you would probably define it as . . . "the cleanest, quickest, easiest on skin."

Because that's what 1000 men told us a really good shave should be.

Now we ask you to judge how well we've put those three requisites into a shaving cream. At our expense, we've put it up to millions of men. And, having tried it, they refuse to use any other cream or soap.

There are 5 distinct superlatives, shaving advantages, in Palmolive Shaving Cream. It cost us 18 months' work, 130 laboratory experiments, to perfect them. Now judge our work.

You'll find cream multiplying itself 250 times in luxurious lather.

You'll find that lather softens the most unruly beard in one minute—without any irritating "rubbing in."

You'll find the lather remains rich and creamy for 10 minutes on your face, if necessary.

You'll find cutting easier, cleaner, because bubbles of extra strength hold each hair erect. This is important. Finally, you'll marvel at the cool, soothed "after feel"—a result of the carefully blended palm and olive oils.

We ask your judgment on these points as a favor. Failing, the loss would be all ours. Send along the coupon for your ten free shaves.

FIGHTING "DEATH WHISPERS" WITH FACTS

Although it was not necessary for Mr. E. W. Beatty to resort to the printed word to disassociate the Canadian Pacific Railway Company from the veiled implications that were contained in a series of recent articles in The Montreal Star, it is perhaps just as well that the people of this country should be given another opportunity to contemplate the contrast in outlook between that enjoyed by the chief of one of the most progressive and optimistic organizations in the world and that of the person or persons responsible for the editorials which have appeared in the Montreal paper under "A Whisper of Death" and other similarly melancholy and wholly unwarranted headings.

One has only to think of the Canadian-Pacific Railway and the part it has played, is playing, and will continue to play in the development of this Dominion and in the all important settlement of its vast acres to realize that it has neither cause to be pessimistic nor apology to make. On the other hand Mr. Beatty's statement to the public yesterday is a clear and modest recital of a successful programme—successful to the corporation over which he presides and satisfactory to the Dominion of Canada. It is not to say that such a chapter of progress would not have been written if the Canadian Pacific Railway had not written it; but it is worth something to be able to regard the achievement as accomplished fact and not as what might have been. But to charge the company with holding lands at prices that deter immigration and employ the imputation to buttress such forebodings as coined by The Montreal Star looks like a miserable mixture of bad taste and poor business—and contrary to the fact.

THE WEST COAST ROAD

Before the Good Roads Convention finishes its business in Vancouver next Monday the question of Vancouver Island's proposed West Coast road will be discussed and undoubtedly approved by the gathering.

It is well that the representatives from various parts of British Columbia should meet each year and acquaint themselves upon general needs. Such an interchange of information and its intelligent examination undoubtedly leads to a better understanding between various sections of the Province and reduces the tendency to exert undue pressure in respect of projects—sometimes altogether too costly and sometimes thoroughly impractical—that owe their origin to bids for sectional advantage. For it goes without saying that in a relatively undeveloped Province like British Columbia, with financial accommodation that requires very careful appropriation in order that the greatest benefit may be conferred upon the greatest number, a highway system must be determined with caution.

Vancouver Island is perhaps a more intensely developed entity than many other virtually detached sections of the Province. On that account, and because of the fact that we have demonstrated beyond question the value of good roads to recreation as well as commerce, there is an excellent case in favor of the West Coast link.

TREATIES NOW IN FORCE

In an atmosphere anything but peaceful the quiet completion of the formalities of the naval limitation treaty and the four-power pact have been more or less lost to view. But there has taken place in Washington this morning a gathering of representatives of the signatory powers and all the official ratifications were duly exchanged. Which means that five nations will complete the scrapping of the various craft defined by the major treaty and from this day on the Anglo-Japanese Alliance is officially no more.

It is fitting to recall at this juncture that this morning's ceremony is the climax and confirmation of the late President Harding's contribution towards a better understanding between the nations. For the most confirmed sceptic will have to admit that, although the conclusions reached at that memorable disarmament conference did not come up to expectations that had been entertained in more hopeful quarters, the treaties whose formal ratifications have now been exchanged by the nations concerned are in themselves a pattern for more tangible progress towards an universal decision to do away with the prime causes of war—its diversified paraphernalia.

THE V. I. A. A. MEET

To-morrow's annual meet under the auspices of the Vancouver Island Athletic Association should take a large number of Victorians to Curtis Point. Well-known aquatic experts from many parts of the Pacific Northwest will be here to compete and the standard of performance may be judged by the excellence of the displays that have been given in previous years.

In this connection it may be permitted to point out—as apart from the pleasure these gatherings provide and the international aspect which is lent to this form of healthy rivalry and competition—that the activities of the V. I. A. A. should stimulate more interest in such a healthy and useful pastime as swimming. Recent events in the waters of the Gorge furnish a lesson in themselves.

NO NEED FOR ALARM

New Zealand's Prime Minister does not like the idea of different parts of the Empire signing treaties independently of one another. The Halibut Treaty and the signature of Mr. Lapointe, instead of that of Sir Auckland Geddes, seems to be occasioning Mr. Massey a considerable amount of concern. But he is worrying without cause.

Mr. Lapointe signed the document in question in behalf of the British Empire in respect of a matter of purely domestic relation to Canada. He was specifically charged with that duty by the Imperial Government on the recommendation of the Canadian Government. There is nothing in the treaty "that is likely to involve the Empire in war without the authority of the Empire and without the Sovereign being consulted."

Mr. Massey may rest assured that Canada would not object if a New Zealand Minister or an Australian Minister had taken a similar course to that followed by Mr. Lapointe at Washington in respect of international agreements involving their respective countries. And if he were to ask the average taxpayer in the British Isles what he thought about the principle involved he would most likely be asked why Canada should not look after business that is peculiarly her own and not in conflict with common interest.

Note and Comment

Hope is rising in the German breast. Some commentators in Berlin seem to believe that there is still a chance that an arrangement may be made with France in respect of reparations. There is no harm in trying; but the Quai d'Orsay will take a leaf out of the book of the gentleman from Missouri.

It looks as if the Yukon will have to go without its liquor. The United States has so far withheld its consent to allow a large consignment that is waiting at Vancouver to pass over the strip of American territory that separates Canada from the wet goods' destination. Since it would have to go immediately to get in by the last boat it looks as if this part of "wet" Canada will have to remain "dry."

The self-appointed "president" of a republic that does not exist and never will exist has selected another "president" for the same non-existent republic. His name is Patrick Rutledge and he says that "the people will not be daunted. They will show that not England, nor any of the tools of England, will deter them from asserting before the whole world their God-given right to freedom." This is all very enlightening; but it might have been better if he had waited until the elections were over before being so positive. There was nothing in the result of the last appeal to the electorate to suggest that the republican cause has a ghost of a chance of winning.

Great Britain is said to be proposing a loan of £6,000,000 to the Irish Free State. Only a little while ago these two parts of the United Kingdom were in deadly conflict. Downing Street negotiated a treaty that gave the South of Ireland a Dominion status. Official warfare came to an end. There is now talk of a loan. And yet Premier Massey fears for the safety of the Empire because one part of it negotiates a fishery arrangement with the United States and concludes a treaty without the signature of the British ambassador. Constitutional procedure and mildewed usage seem to be giving place to mutual trust.

Some Thoughts for To-day

The counterfeit and counterpart of Nature reproduced in art. Longfellow.

Night's son was driving

Our Contemporaries

NIPPING THE BUD

Toronto Mail and Empire:—In view of the fact that the first step toward the commission of many desperate crimes is the theft of a motor car, it might be well that this sort of theft should be more severely punished than any other.

LEADERSHIP QUALIFICATIONS.

Cranbrook Courier:—The "ca canny" policy of General McRae does not mark him for leadership. General, in the P. C. E. question may be well enough in its way, but unless some solution of the north country's transportation problem is forthcoming it cannot be said that the general's efforts in the direction of launching a third party are likely to be crowned with any signal success. The leader of the Provincial Party has not as yet demonstrated his ability for leadership to the extent of prescribing a positive cure for the country's ailments. Drawing attention to certain problems does not necessarily provide a formula for their elimination.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and to the point. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer desires it. The publication or rejection of articles is a matter entirely at the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

OUR BIGGEST ASSET

To the Editor:—Once more I beg to trespass on your space in an effort to impress upon the minds of your readers, including the members of the present Government, the importance of developing the scenic assets of this Province as a means of bringing about quick action on the road to prosperity for all within our boundaries.

Surely this season's tourist travel has demonstrated to all sceptics the possibilities the future holds for this Island and Province generally. If we go on with our road improvements and advertise aggressively and thoroughly our numerous scenic attractions and climatic features, there is the whole necessary programme in a nutshell. Private enterprise will take care of the accommodation problem. The instant private enterprise determines that it is profitable business to erect more hotel accommodation in this city, Victoria will have turned the hard luck corner and have started on the broad way to prosperity. It will mean that hundreds of those valuable citizens and heads of families who have gone from our midst because of the dismal outlook and their inability to get employment will hear of the new conditions which obtain, and will return to share in the new era about to commence. It will mean an influx of artists, who in turn will create a demand for all classes of supplies, and a return of confidence among all classes of our people as to the future of this city and the Province at large. It will open up a vista such as we never had before, of certain advancement along lines similar to California, which alone will be sufficient to turn the tide in our favor. Fellow citizens, we have the goods. Nobody who has traveled and knows what we possess in the way of scenery and Summer climate can deny that we have a corner on the finest and grandest scenery on the whole of the North American continent, and our Summer climate is unbeatable any where in the world, not alone North America. All we have to do, if we advertise, advertise, and then continue advertising our advantages so that our neighbors are as well posted as we are ourselves on how to get here, and what there is to be seen when they arrive. At the same time that we are carrying out this intensive advertising campaign the road improvements and extensions should be in course of construction. Strathcona Park road improvements and trail building should be actively advanced, making this public park an attraction equal to and even exceeding any of the American parks in beauty and enchantment. Mount Robson Park in the interior of the mainland, if treated in the same manner, will prove a veritable gold mine to that corner of the Province, and help as nothing else possibly can, the populating of that particular section. Complete the link from Hope to Princeton on the transprovincial highway to give the tens of thousands of motorists in Alberta, Saskatchewan and Manitoba access to the coast of this Province, and at the same time offer an alternative road to the teeming thousands in the States immediately adjoining the boundary line to traverse during their Summer peregrinations. All this spells millions in ready cash to our people besides the creation of new industries and the opening up of our timber, mines, and agricultural lands.

All tourists do not travel in their own cars. More strangers will visit us by way of railways and steamships than by any other means, and they are just as valuable an asset to us as those who have their own means of transportation, and more so. When they come in sufficient numbers we shall need more local transportation companies, which are a permanent thing all the year round, all kinds of accommodation will be taxed and increased to meet the demand, and so as one thing leads to another we shall be advanced on the way to prosperity.

In advocating the tourist scheme to members of the Government and their lieutenants I was invariably told that unless the Government could get a direct return for the half million dollars I asked them to spend annually on advertising and propaganda to increase the tide of tourist travel it was useless to ask for any action being taken along these lines. On one occasion, about two years ago, when talking to the Premier, I suggested a tax on gasoline as a means of getting a direct return to the Government for what they would spend in developing tourist travel, and I now observe that someone is advocating the same thing, but the suggestion is made that two-thirds of the tax obtained be applied to the use of Municipalities.

I would humbly suggest that the logical way to lighten our tax load is to bring in a new and better residents to help carry the burden, and not to increase the load of the present population by levying a tax on gasoline and then using the money for some purpose which will have no effect whatever in assisting us in our difficulties.

What we need right now is optimism and faith in the future of British Columbia, instead of the existing wave of pessimism. The way to create that wave is for the Government to institute an energetic aggressive constructive policy along the only line that is feasible and possible and that is the development of our scenic resources by opening up new roads and improving existing ones and concentrating on making this Province the Summer playground of North America. By so doing we shall get ready money and population. The timber, fish, minerals and agricultural lands will be opened up and developed by a percentage of those visitors who remain to stay after they see what we have to offer.

I want to suggest to the Premier, Cabinet Ministers and private members of the present Government a way to raise the money necessary to carry out all these improvements and advertising to put British Columbia on the way to prosperity, without burdening the present population any further with useless taxation. Here is the suggestion:

1. The Government of British Columbia issue a loan of ten million dollars, covering a term of fifty years.

2. A gasoline tax of three cents per gallon be imposed and set aside to meet the interest and sinking fund on the loan, and not used for any other purpose whatever.

The ten million dollars to be used as follows:

1. The transprovincial highway to be finished at once.

2. Strathcona Park be immediately

Why Kirk's Coal Excels

Every ton is put up as though it were the only order we were ever going to sell. Every order large or small, is handled as though the future of this business depended upon the satisfaction of this one buyer. To sell a person an order of coal is not enough.

KIRK'S

must measure up to a standard. Each sale must establish a permanent business friendship. That's why

KIRK'S

has won its way into the good opinion of the housewives of Victoria.

opened up by finishing all roads and trails, and connected via Great Central Lake with Alberni.

2. Mt. Robson Park be opened up in the same manner.

4. All timber along the highways be purchased, exchanged or reserved.

5. All main highways to be well rolled and heavily oiled.

6. Wherever found expedient further park reserves to be created and opened up.

7. Immediate attention be given to the building, improving and extension of all roads throughout the Province wherever considered expedient to carry out the opening up of the scenic attractions to tourist travel.

8. A road extension from Alberni to Long Beach.

9. A road extension to Port Renfrew from Victoria with some connection to the East so that it will be a circular route joining up with the existing road to Nanaimo.

10. Half a million a year to be spent on advertising and propaganda.

If the men who are directing our affairs have the courage and confidence to carry out honestly a programme such as the foregoing, this Province will advance by leaps and bounds and five years from now we can more than make good our population, and our revenue from tourists will amount to more than we are at present getting from all our other assets totalling together. Why not do it?

PRINCESS THANKS GIRL GUIDES FOR CABLED GREETINGS

Toronto, Aug. 17.—The Canadian Girl Guides, learning that their royal princess, Princess Mary, Viscountess Lascelles, was to pay her first visit to "Princess Mary House," Foxlease, the Guide home and training centre in the New Forest, cabled their congratulations and good wishes to Miss Eileen, the head of Foxlease. The following cable has just been received here in reply, by the chief commissioner, Mrs. D. H. Warren: "Princess Mary sends grateful thanks for good wishes on her first visit to Foxlease."

MAN ATTRACTED TO "PENTRELEW" FETE

Girls' Club and Social Service League to Benefit

Two deserving community causes, the Social Service League and the Girls' Club, will receive material assistance from the proceeds of the successful garden fete held yesterday afternoon at "Pentrelew," the home of Miss Crease. The lovely old gardens with its fine old trees and spacious lawns formed an ideal setting for the affair.

The Social Service Committee, Catholic Women's League, Kumtux Club, and other interested organizations had charge of the various features. The Catholic Women's League attended to the tea arrangements, which was served under the trees in the orchard. Mrs. W. McManus was convener, and was assisted by Miss H. O'Brien, president of the Catholic Women's League, and also of the Girls' Club; Mrs. Devereaux, Mrs. Roberts, Mrs. Ebbes-Canavan, and Mrs. M. Briggs, while a number of young ladies assisted in serving refreshments, including the Misses Margaret Armstrong, Margaret Adams, Mary Joseph Shilline, Phyllis Mason, Helen Hardiman and Mary and Blanche Ebbes-Canavan.

Members of the Social Service Committee convened a number of stalls. Plain sewing was in charge of Mrs. McEwan and Mrs. Bunn; the surprise table did a brisk business under the direction of Mrs. Alex. Fraser and Mrs. E. A. Taylor; Mrs. Moody attracted many children with her "blackbird" basket; Mrs. and Miss Robinson sold delicious home-made candies; fresh vegetables were quickly from Miss Goodale's stall; Mesdames Hiberson, Oliver, and Briggs, and Miss Winterbottom, sold home cooking; while Mrs. Philip Joseph and Mrs. E. Falhorn had the spinning jenny. Members of the Kumtux Club, under the convener-ship of Miss Wigley, sold ice cream and soft drinks.

A musical programme arranged by Mrs. C. E. Wilson, who contributed several vocal solos, delighted the many patrons. Songs were also given by Mrs. Russell, Mrs. Griffith and Mr. Frank Sehl, with Mrs. Jamie Cameron and Mrs. F. J. Sehl at the piano. An Edison phonograph kindly loaned by the Kent Edison Store did its quota in entertaining the visitors.

Other attractions included clock golf, managed by Mrs. Rutledge and Miss Kitty Murray, and a pony ride on the pony kindly loaned by Miss Wanda Spencer. Mrs. A. D. Musket supervised the butterfly stall.

The Rev. A. de B. Owen proved helpful in many capacities throughout the afternoon and at the close did yeoman service as an auctioneer. Members of the Boys' Scout League, a valuable assistance, which was much appreciated by the various conveners.

NATIONAL GALLERY PICTURES COMING

Arts Club Committee to Arrange for Exhibit September 1 to 8

Art lovers who are looking to the day when British Columbia will have a provincial art gallery will be interested to learn that another stride in the educational campaign to this end will be taken in September when a second series of great paintings from the National Gallery at Ottawa will be on exhibition. The last collection was shown in the Arts and Crafts Clubrooms, but for the convenience of the public the coming exhibit will be staged in the Women's Building at the Willows in conjunction with the annual Fall Fair, from September 1 to 8.

At the meeting of the Island Arts and Crafts Club last evening, Messrs. P. B. Pemberton, T. S. Gore, J. S. McMillan, Miss Crease and Mrs. Sweeney were appointed a committee to make the necessary arrangements for preparing the hall for the exhibit and hanging the pictures. The collection is an unusually fine one and is representative of some of the greatest artists of the day.

The club will hold its annual exhibition for local artists and craftsmen early in October at a date to be announced later.

The bachelor who escaped the furies of June has cause for congratulation.

Miss Della Fleming has joined the staff of the Duncan post office. She is to take the place of Miss Gabrielle Colliard, who will leave at the end of the month for Victoria.

Mr. and Mrs. D. H. Fort, who have been residents of Victoria for the past few years, have left for Vancouver, where they have taken up residence on Point Grey Road.

Dr. and Mrs. Thomas McPherson, Lampson Street, are among the Victorians who left by the last trip of the Maquina for the trip up the West Coast.

Miss Elsie Mitchell, of McClure Street, is leaving to-day for Regina, Sask., where she will join her sister, Miss Anne Mitchell, and remain for some time.

Hon. E. F. Toimie and Mrs. Toimie have been visiting the Vancouver Exhibition, and during their stay in the mainland city are guests at the Hotel Vancouver.

Rev. Dr. Wilson, and finally, have returned to the city after a month's vacation up the Island. Dr. Wilson will occupy the pulpit of the First Presbyterian Church at both services next Sunday.

Mrs. Mary McCoy Jamison, of Victoria, is spending some time in Portland, where she is pursuing her vocal studies under Yeatman Griffith, of New York, who is conducting a series of master classes. Mrs. Jamison expects to return to Victoria at the end of September.

PRINCE'S BRIDE IS MEMBER OF LOCAL PIONEER FAMILY

Niece of Late Daniel MacLachlan Had Romantic Adventure

As the bride-to-be is very closely related to one of Victoria's pioneer families, being a niece of the late Daniel MacLachlan, there is considerable local interest in the approaching marriage of Louise, second daughter of Mr. and Mrs. Duncan MacLachlan, of Chatham, Ont., to Prince Oleg Vladimirovich, cousin of the King of Yugoslavia, and nephew of the Queen of Italy.

From the home of Mrs. MacLachlan left her Chatham home in May, 1922, to visit her uncle, Rev. Alex MacLachlan, D.D., President of the International College in Sinyrna, Asia Minor, her life has been crowded with adventure and romance. During the devastation of Smyrna by the Turkish and Greek armies, she managed to escape to Athens, with only the clothes she wore, and failing to find her cousin, Grant MacLachlan, who had been a British intelligence officer during the war, she started to "hoe her own way," as her pioneer grandparents did in Ontario. Meeting Miss Myrtle Nolan of Minneapolis, Minn., Miss MacLachlan resolved with her to enter the American Near East Relief, which they proceeded to do with typical North American energy.

Very calmly these two young ladies took possession of the Palace of Dowager-Queen Olga, just as soon as that royal lady left it as a result of one of the many political changes, but not without opposition. The young Canadian and her American friend won out, and from the royal palace they directed the operations of a bureau that restored thousands of refugees to their families and friends. The bureau had 500 refugee centres, and in December, 1922, 12,000 enquiries from America alone were disposed of.

The success of the work of these two young girls from the far side of the Western Ocean reached the ears of King George II of Greece, and he made a personal appeal to express his appreciation of their work, and it is rumored, was responsible for the first meeting of Miss MacLachlan and Prince Vladimir.

Commander C. Staines, of Ottawa, is registered at the Empress Hotel.

Mr. and Mrs. A. L. Robinson and son have arrived at Prince Rupert from Victoria on the Union steamer Gardena. They are making the round trip to Anxoy and Stewart on the vessel and will spend a week in the city before returning south. Mrs. Robinson is a sister of Jack Barnley, of Prince Rupert.

Rev. T. H. Mitchell and Miss Mitchell have returned to New Westminster from Seattle, where Mr. Mitchell attended the Pacific Coast theological conference last week. En route home they took the ferry at Bellingham for Vancouver Island, where they enjoyed a motor trip to many points of interest on the island highway.

Complimentary to Mrs. Ogilvie, of Kingston, who is spending the summer with her sister, Mrs. Crow Baker, Mrs. L. A. Genge entertained at a Mah Jong party at her home on Vancouver Street yesterday afternoon. Guests included Mrs. Ogilvie, Lady Barnard, Mrs. W. J. Bowser, Mrs. R. P. Butcher, Mrs. R. P. Rithet, Mrs. P. A. E. Irving, Mrs. E. Crow Baker, Mrs. Chas. Todd, Mrs. G. S. Holt, Mrs. A. C. Flumerfelt, Mrs. Hermann Robertson, Mrs. H. A. Ross, Mrs. W. Todd, Mrs. Arthur Harvey and Mrs. A. T. Goward.

Mrs. King, of Vancouver, entertained recently at an informal bridge tea in honor of her mother and sister, Mrs. Robert Macdonald, and Miss Laura Macdonald, of Victoria, who are leaving on an extended trip to Scotland. Mrs. Macdonald presided over a daintily arranged tea table, and Miss Laura Macdonald and Mrs. McPherson, of Victoria, assisted in serving. Among the guests were Mrs. Bruce Powley, Mrs. Lewis Wharton, Mrs. Bruce, Mrs. Wood, Miss L. A. Burpee, Mrs. Hawthorne, Mrs. Mutch, Miss Hilda Smith, Mrs. A. V. Pankhurst and Mrs. J. McPherson, of Victoria. Prizes were won by Mrs. Pankhurst and Mrs. B. Powley.

West Point Grey Presbyterian Church, Vancouver, was the scene of a quiet wedding on Wednesday evening, at 7.30 o'clock when Sylvia, youngest daughter of Rev. A. H. Victoria, became the bride of Mr. Charles M. Haverstock, of Victoria, son of the late Rev. C. H. Haverstock and Mrs. Haverstock, of Annapolis Valley, Nova Scotia. Owing to the illness of the bride's father, the service was read in the presence of only the immediate friends and relatives, by Dr. Carruthers. The bride, given in marriage by her father, wore her travelling costume of navy tricotine trimmed with opossum fitch, a black taffeta hat and carried Opheila roses. Mrs. A. Huntley presided at the organ. Mr. and Mrs. Haverstock left on a short honeymoon trip, and will make their home in Victoria.

COURT TRIUMPH

The ladies of Court Triumph, A.O.P., will meet to the Orange Hall on Friday evening, with Mrs. Stevens in the chair. Owing to the departure of the financial secretary, Mrs. Montteith, for the South, the position was filled by Mrs. Hutehinson. At the conclusion of the meeting a card party was held in aid of the new Protestant Orphanage Home.

TO AWARD PRIZES

The Equinault Women's Institute will hold a meeting in the Parish Hall, on Monday evening at 7.30, when prizes will be awarded to the winners of the recent exhibition, also to the winners of the tombola. All prizewinners must bring their cards in order to receive their prizes.

PRINCE'S BRIDE IS MEMBER OF LOCAL PIONEER FAMILY

Niece of Late Daniel MacLachlan Had Romantic Adventure

As the bride-to-be is very closely related to one of Victoria's pioneer families, being a niece of the late Daniel MacLachlan, there is considerable local interest in the approaching marriage of Louise, second daughter of Mr. and Mrs. Duncan MacLachlan, of Chatham, Ont., to Prince Oleg Vladimirovich, cousin of the King of Yugoslavia, and nephew of the Queen of Italy.

From the home of Mrs. MacLachlan left her Chatham home in May, 1922, to visit her uncle, Rev. Alex MacLachlan, D.D., President of the International College in Sinyrna, Asia Minor, her life has been crowded with adventure and romance. During the devastation of Smyrna by the Turkish and Greek armies, she managed to escape to Athens, with only the clothes she wore, and failing to find her cousin, Grant MacLachlan, who had been a British intelligence officer during the war, she started to "hoe her own way," as her pioneer grandparents did in Ontario. Meeting Miss Myrtle Nolan of Minneapolis, Minn., Miss MacLachlan resolved with her to enter the American Near East Relief, which they proceeded to do with typical North American energy.

Very calmly these two young ladies took possession of the Palace of Dowager-Queen Olga, just as soon as that royal lady left it as a result of one of the many political changes, but not without opposition. The young Canadian and her American friend won out, and from the royal palace they directed the operations of a bureau that restored thousands of refugees to their families and friends. The bureau had 500 refugee centres, and in December, 1922, 12,000 enquiries from America alone were disposed of.

The success of the work of these two young girls from the far side of the Western Ocean reached the ears of King George II of Greece, and he made a personal appeal to express his appreciation of their work, and it is rumored, was responsible for the first meeting of Miss MacLachlan and Prince Vladimir.

Commander C. Staines, of Ottawa, is registered at the Empress Hotel.

"I want to help you," she said. "Indeed, I feel more than you can believe—more than I could have believed possible—the desire, the longing to help. But what is there you can ask of me beyond my hand in yours, beyond all the comradeship which a woman who has more in her heart than she dare own, can give?"

Once more the door was opened below. The voice of the singer came floating up. Then it was closed again and the little passionate cry blotted out. His lips moved but he said nothing. It seemed suddenly, from the light in his face, that he might have been echoing those words which rang in her ears. She trembled and suddenly held her hand across the table.

"Hold my fingers," she begged. "These others will think that we have made a bet or a compact. What does it matter? I want to give you all that I can. Will you be patient? Will you remember that you have found your way along a very difficult path to a goal which no one yet has ever reached? I could tell you more but may not that be enough? I want you to have something to carry away with you, something not too cold, something that burns a little with the beginnings of life and love, and if you will, perhaps hope. May that content you for a little while, for you see, although I am not a girl, these things and thoughts of these things, are new to me?"

He drew a little breath. It seemed to him that there was no more beautiful place on earth than this little smoke-hung corner of the restaurant. The words which escaped from his lips were vibrant, tremulous.

"I am your slave. I will wait. There is no one like you in the world."

Tallente found a distant connection of his waiting for him in his rooms, on his return from the lounge at about half-past six. Spencer Williams, a young man who, after a brilliant career at Oxford, had become one of the junior secretaries to the Prime Minister. The young man rose to his feet at Tallente's entrance and hastened to explain his visit.

"You'll forgive my waiting, sir," he begged. "Your servant told me that you were dining out and would be home before seven o'clock to change."

"Quite right, Spencer," Tallente replied. "Glad to see you. Whisky and soda or cocktail?"

The young man chose a whisky and soda, and Tallente followed suit, waving his visitor back into his chair and seating himself opposite.

"Get right into the middle of it, please," he enjoined.

"To begin with, then, can you break your engagement and come and dine with the Chief

OCEAN AND COASTWISE SHIPPING

SUSPENSION OF
RAIL TARIFF IS
BEING ASKED FOR

Charles Spear, President State Board of Harbor Commissioner, Appeals

Twenty-One Members of Crew Leave Ship on Sailing Day

San Francisco, Aug. 17.—A telegram to the Interstate Commerce Commission asking that the commission order the suspension of the local rail tariff, which becomes effective August 25 and which it is claimed will divert practically the entire copper production of Utah, Montana and Arizona from Pacific Coast ports, has been sent by Charles W. Spear, president of the State Board of Harbor Commissioners.

The new rail rate on copper to the Atlantic seaboard under the new tariff is \$11.39 per ton from the producing states, and Mr. Spear in his wire states that this rate would deprive the port of San Francisco of approximately \$200,000 a year in tolls as no copper would be sent here.

A number of seamen employed on the Norwegian tanker *Lisa*, operated by the Shell Oil Company, left the vessel yesterday and their places were taken by Filipinos. Twenty-one members of the crew left the tanker here, giving as their reason that the food was not so good as they thought it should be. The vessel's departure was delayed by the action of the men.

The former China mail steamer *Nanking*, which has been anchored in the stream since the company went out of business, was inspected by representatives of the Admiralty yesterday. The vessel is under attachment by the government and it is understood that she is to be sold at a United States Marshall's sale in the near future.

The Shell Oil Company's Barge *Martinez* left the Petro port of the Bethlehem Shipbuilding Corporation last night after having a new steam steering gear installed and undergoing miscellaneous repairs.

The Hanlon Drydock and Shipbuilding Company has been awarded the contract for the repair of the tugboat *Edna* at San Pablo. The vessel now is on the way at the Hanlon yards.

The Japanese freighter *Belgium* will arrive here early next week from Vancouver and will be delayed for a few days to undergo the installation of an oil-burning system. The *Edna* is being loaded with a full cargo of wheat from British Columbia for delivery to the United Kingdom.

VICTORIA CARGO
ON PATRICIA IS
CHIEFLY LIQUOR

Other Features on Ship Are Smokers' Pipes and Naval Supplies

Vessel Left Canal on August 9, and Is Due Here August 25

Two thousand nine hundred and fifty-eight cases of liquor, comprising 550 cases of port wine, 700 cases of brandy, 150 cases of claret, 200 cases of gin, 1150 cases of whisky and eight cases of white wine, shipped from Glasgow and Liverpool, is the feature of the cargo of the *Patricia*, which is due here August 25.

Victoria cargo was ascertained today. Among the features of the cargo is a large shipment of pipes. It is quite evident that there has been a run on pipes by Victoria smokers, for a fresh shipment has been sent out from the Old Country to replenish the local merchants' stores. There are no less than 1,062 pipes consigned to Victoria, while other small parcels of pipes are consigned to smaller stores. Another feature of the *Patricia* cargo is the large amount of naval supplies that is being brought here. The remainder of the cargo, which totals nearly 700 tons, is made up of general merchandise, including woolen goods, window glass, steel bars and plates, with lead and other general commodities.

Much Liquor

In addition to the assortment of liquors consigned to Victoria the *Patricia* has 25,000 cases of good old Scotch whiskey for exporters and government houses in Vancouver. For the reason of the fact that she has so much liquor aboard the *Patricia* has been compelled to come direct to Victoria not stopping at any of the ports on the way here.

She is reported having left the Panama Canal on August 9, and will make port here about August 25. A feature of the Vancouver cargo is 2,000 tons of piping for transshipment to the coast. The piping is to be used on the gas mains in that city. Considerable groceries and general merchandise is also being shipped overland. The cargo is being loaded on an indication of the increasing popularity of the Panama route for shipping from the United Kingdom.

KETCHIKAN WILL
SAIL FOR ALASKA
VIA COAL PORT

Details of New Intercoastal Marine Service Are Announced

Seattle, Aug. 17.—After having been tied up since the close of the 1922 season in Alaskan waters, the freighter *Ketchikan* was again back in the service of the Ketchikan Steamship Company yesterday, and sailed for Alaskan ports via a call at Nanaimo, B. C., for sacking coal.

Captain H. C. Klein, who returned recently after having delivered the freighter *Valdez* in Lake Michigan, went out in command of the *Ketchikan*. The vessel will proceed to Prince William Sound points to load canned salmon and barrelled herring. The *Ketchikan* will then proceed to Ladysmith, B. C., to-morrow to load approximately 1,000 tons of sacking coal for distribution at Nome, is expected to return here Sunday night or Monday morning to finish loading. She is to sail for Nome Wednesday, and on returning will sail on the voyage to the year to the far north, October 1.

The Steamship President Madison, Captain Thomas P. Quinn commanding, in the service of the Alaskan Steamship Line, will leave Saturday for Oriental ports with the largest list of first cabin passengers embarked at this port this year. Including 32 cabin and 200 steerage.

With approximately 80,000 cases of canned salmon, most of which represents the season's pack in the Bristol Bay region, the *Ketchikan* will be loaded. The vessel, chartered by the vessel, the Steamship Brookdale, Captain W. E. Harned commanding, arrived Monday.

Details of the new service of the International Mercantile Marine Company, which is to operate four passenger and freight liners in the intercoastal trade, have been received here by the Pacific Steamship Company, which will be Pacific Coast freight agent for the company. The vessels will not come north of San Francisco, but the Pacific Steamship Company will receive freight in Seattle and other North Pacific ports for transshipment in California to the Atlantic Coast in the carriers of the International Mercantile Marine Company.

For service in the coast trade, the Nelson Steamship Company has purchased four steel steamships from the Shipping Board and will operate three sailings a week from Seattle and the Pacific Coast to San Francisco and San Pedro.

The fleet is composed of the steamships *Doylston*, *Jacob*, *Glynn*, and *Chadwick*, which formerly operated in the Shipping Board's feeder service in the Orient. The additional carriers will enable the Nelson Steamship Company to maintain three sailings a week from Seattle and other Puget Sound ports to San Francisco and San Pedro.

"Mr. Grabocin is sitting for his portrait," "He's such a busy man of affairs, how does he find the time?" "He says it does play the deuce with his golf," Birmingham Age-Herald.

Smoke Comes Up
Through the Sea

Auckland, N.Z., Aug. 16.—Captain Davey of the *St. Tofua*, a steamer which plies to the Pacific islands reports a remarkable occurrence while some miles distant from the Tonga-tapu volcano in the South Seas.

The water was violently bubbling when all at once a mass of grey smoke came right up out of the sea and floated 100 feet above the surface. A burst of steam followed it over an area of half a mile.

Evidently there had been a submarine explosion for an earthquake was felt the day previously at Nukualofa.

CANADIAN RAILWAYS
GIVEN EXCEPTIONAL
RECEPTION ON TOUR

French Papers Commend Itinerant Exhibition for Display

Montreal, Quebec, Aug. 17.—The Canadian Exhibition Train, which is now touring France, is a big success, as evidenced by the enthusiastic reports which have come to hand from across the Atlantic and the articles published in the various French newspapers. *La Depeche de Rouen* in an article commenting upon the passage of the train through the city of Rouen has the following to say: "The Canadian Exhibition Train has created in our city a great deal of curiosity so numerous has been the visitors to the train. The *Place* Boulevard presented the same animated appearance as during the time of the Fairs of Saint Romain. The excitement of the train is to be seen in the eyes of the children. We are quite sure that many of our citizens were signor of the vast riches of the Dominion of Canada or at least they had under estimated them. Such enterprises can only result in closer relationship between the two nations already bound by common ties. During this exhibition, the promoters in bringing this wonderful exhibition to France. As an example of the great interest being taken in the exhibition train and especially in car number one, which is that of the Canadian National Railways, M. Dior, Minister of Commerce, has been seen with other leading officials spent a considerable time inspecting the exhibit of the Canadian National Railways and the wonderful resources and scenic beauty reached by their 32,000 miles of railway.

Since the opening of the exhibition at La Havre a month ago the train has been a great success. The huge crowds of people, including city dignitaries of cities and towns have made a thorough inspection of the whole of the exhibition and have thereby gained a wonderful knowledge of the Dominion of Canada.

The majestic splendor and the industrial activity of the Dominion served by the Canadian National Railways has been favorably commented upon by all who have visited the exhibition.

"COFFIN SHIPS" OF
AUSTRALIA ARE
BEING INQUIRED INTO

Wreck of Sumatra Brings to Light Many Defects in Government Fleet

Sydney, Australia, Aug. 16.—Since the steamer *Sumatra*, belonging to the Australian Government and serving the mandated territory of New Guinea, sank off the coast of Queensland, taking all her crew to the bottom, Australia has been startled by charges made by a former captain of the steamer that she was utterly unseaworthy, that she was never examined by the surveyors, and that she was a "coffin ship." The press has demanded a complete investigation of the "coffin ships" the government is said to be running, a companion ship to the *Sumatra*, the *Star*, is declared to be so rotten that she dare not leave the Papua coastal waters or she would follow the *Sumatra*. Repeated protests by commanders of these boats against their unseaworthy condition, are asserted to have been ignored by the navigation department.

The *Sumatra*, which was refused a royal commission of inquiry but has agreed to a departmental inquiry. There have been disasters to shipping on the coast of New South Wales in recent years. Only a week or two ago the steamer *Hartington* caught fire when carrying phosphates to the coast port of Sydney, and the *Sumatra* was the only vessel being over-confident in the position of her vessel. No census, however, is passed on the captain.

When the Royal Mail Steam Packet Company's new motorship *Lochmoran* arrives here next month, the R.M.S.P. and the Holland-American companies to the North Pacific will be by motorships.

The Furness Prince line steamer *Northwestern* Miller will take out the cargo of the *Siberian* Prince. It was learned today that the Miller arrived in Vancouver on Tuesday from the United Kingdom, and after discharging cargo will come here to load.

London, Aug. 17 (Canadian Press Cable)—Colonel Sir George M. Brown, European general manager of the Canadian Pacific Railway, has been re-elected president of the Canadian Chamber of Commerce in London. The chamber is gradually increasing its members, according to the annual report, and now stands at 133.

THAT MUCH SETTLED

"Uncle, what did that mule try to do to you?" "I don't know, boss," said the old Negro, who was feeling himself all over to find out where he was hurt, "but de minute dat mule b'ated his heels I knew he want tryin' to do me no favor."

THREE LOSE LIVES
WHEN TANK EXPLODES

Castleton, Vermont, Aug. 17.—Three persons lost their lives when a gasoline tank of a motor launch carrying eleven passengers, exploded yesterday on Lake Bomoseen, causing the vessel to sink. Eight members of the party were rescued.

CAPTAIN J. T. ROLLS
WILL RETIRE AFTER
YEARS OF SERVICE

Was With Union Steamship Co. for 35 Years; Captain of Niagara

Other Changes Are Also Being Made; Captain Crawford Going to England

It is with regret that the traveling public will learn of the retirement of Commander J. T. Rolls, of the New Zealand Union Steamship Company's liner *Niagara*, which has been catering to the Canadian-Antipodes trade for the past ten years.

Reports from Australia show some interesting changes in the personnel of the captains who have been visiting here for many years.

Commander J. T. Rolls, R.N.R., will retire to lead a shore life, administering his important interests in Australia. Captain Rolls has for the past thirty years been in the Union Steamship Company's service, and is a personal friend of thousands of people who have traveled to and from the Antipodes.

Other changes are also reported. Captain Crawford, master of the liner *Makura*, will make one more voyage on the *Makura* before he goes to England to join the new passenger motorship *Aurora*, which will be in commission about next June.

Captain A. C. Showman, formerly master of the freighter *Walsham*, will command the motorship *Hauraki*, which sailed on August 13 from Sydney, Australia, for Victoria and Vancouver via Fanning Island. Captain J. D. Frey will command the *Walsham*, while Captain Spring-Brown will take over the command of the *Walatapa*.

LATEST POSITIONS
OF C. G. M. M. SHIPS

Canadian Importer—Aug. 9, 3.35 p.m. left Esquimaux for Sydney and Melbourne; arrive Vancouver Oct. 20.

Steamer arrivals: President Wilson, New York from Trieste; Belgium, New York from New York; Empress of Scotland at Hamburg from Quebec; Manchuria at Hamburg from New York.

DIFFERENCE TO
BE ABOLISHED

Large Expenditures Being Made to Improve Halifax Harbor

Winnipeg, Aug. 17.—It has been decided to abolish the difference, which has heretofore existed between Portland and St. John on the one hand and Halifax on the other, in export and import rates on traffic to and from British and foreign countries, according to an official announcement from headquarters of the Canadian National Railways in Montreal to officials of the Western regions.

Under an agreement entered into many years ago between the Canadian Government railways and the Grand Trunk Railway, the port of Halifax was placed on an arbitrary basis of one per cent. a hundred pounds on classes and commodities over the rates in effect on the traffic above referred to and from Portland and St. John.

Large expenditures have been and are being made to improve the port of Halifax, it is stated here, and in order that the facilities may be brought to the fullest extent possible, it has been decided that about October 1, Halifax, Portland and St. John will be placed on a parity, insofar as rates on European traffic are concerned. This change, it is stated, will not affect the present surcharge rates to Halifax on what is known as coastwise traffic or on business destined to Newfoundland.

Wreck of Sumatra Brings to
Light Many Defects in
Government Fleet

Sydney, Australia, Aug. 16.—Since the steamer *Sumatra*, belonging to the Australian Government and serving the mandated territory of New Guinea, sank off the coast of Queensland, taking all her crew to the bottom, Australia has been startled by charges made by a former captain of the steamer that she was utterly unseaworthy, that she was never examined by the surveyors, and that she was a "coffin ship." The press has demanded a complete investigation of the "coffin ships" the government is said to be running, a companion ship to the *Sumatra*, the *Star*, is declared to be so rotten that she dare not leave the Papua coastal waters or she would follow the *Sumatra*. Repeated protests by commanders of these boats against their unseaworthy condition, are asserted to have been ignored by the navigation department.

The *Sumatra*, which was refused a royal commission of inquiry but has agreed to a departmental inquiry. There have been disasters to shipping on the coast of New South Wales in recent years. Only a week or two ago the steamer *Hartington* caught fire when carrying phosphates to the coast port of Sydney, and the *Sumatra* was the only vessel being over-confident in the position of her vessel. No census, however, is passed on the captain.

ERROR OF JUDGMENT
SAYS COURT OF INQUIRY

London, Aug. 16.—The Court of Inquiry into the loss of the Canadian Pacific steamer *Sumatra* off Newfoundland, on May 21 last, has found the casualties and losses of the vessel to have been due to a "grave error of judgment" upon the captain having being over-confident in the position of his vessel. No census, however, is passed on the captain.

CALIFORNIA WILL
LEAVE ON MAIDEN
VOYAGE AUGUST 25

Will Leave Glasgow With Large Passenger List; Returns September 12

Has Many Feature Appointments and Is Clyde Built Ship

Launched on April 16, the new Anchor Line passenger steamer *California* will leave Glasgow for New York with a large passenger list on her maiden voyage, on August 25. Bookings by this new liner have been popular, and when she sails next week she will carry a ship's complement. The vessel will make her maiden voyage from this side of the Atlantic on September 12, when she leaves Boston for Scotland by way of Londonderry and then Glasgow. The vessel on this trip will touch at Halifax.

The *California*, which is a recent addition to the company's fleet, is a noteworthy example of post-war shipbuilding. Built by the Fairfield Shipbuilding and Engineering Co., Ltd., one of the foremost shipbuilding firms on the Clyde, the vessel combines in hull and internal fittings all the improvements that modern science has provided.

In addition to this comfort for the traveling public is assured as the result of the Anchor Line's sixty years' experience.

Ship's Appointments

The *California* is a handsome vessel, 571.6 feet long and seventy feet broad. She has a molded depth of fifty-one feet seven inches, with a tonnage of 17,900 tons. The engine consists of two sets of Brown-Curtis double-reduction geared turbines, and to obviate the trouble, which has been experienced in other engines of this type, the Nodal Drive has been incorporated in the main propelling machinery in order to counteract the effects of vibrations.

The auxiliary machinery is practically noiseless, being driven by electrical power. This conduces to the general comfort of passengers. Fitted to burn oil instead of coal, the disengaging features attendant on the use of the latter fuel are eliminated.

The vessel is fitted with a complete installation of long-distance wireless telegraphy, and enables the vessel to keep in touch with shore stations during the voyage. A special wireless news-service is supplied to Anchor Line vessels in the Atlantic, and a daily newspaper giving the latest news from both sides of the Atlantic is published every morning throughout the voyage.

The accommodation devoted to first-class passengers is situated amidships, the greater number of staterooms being "C" decks, and arranged for one, two and three passengers in each. The first-class public rooms, with the exception of the dining saloon, are situated on "A" deck, and include lounge, writing room, smoking room, gymnasium, and veranda cafe. The dining saloon is on "E" deck, and provides seating accommodation for 160 passengers.

With Peaches and Cream

JUST try Puffed Rice or Puffed Wheat with your sliced peaches on a summer day!

The peaches are the refreshing fruit you crave. The Puffed Rice adds a delicate nut-like flavor, that is irresistible. These puffed morsels add real nourishment to an already delicious dish. Combined with cream the dish is more delicious still.

Puffed Rice is exploded to eight times the normal size of the grains to make them more digestible. It is an ideal summer food, because it is always ready to serve and can be used in a variety of appetizing ways.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach, accompanied by that full, bloated feeling after eating, are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."
Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.
It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisulphated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and—best of all—magnesia—of stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

CAPITOL

A corking good picture is Goldwyn's film version of Austin Strong's successful stage play, "Three Wise Fools," which is now at the Capitol. It has been directed by King Vidor with all of his feeling for actuality in characterization, in atmosphere and in background.

The story is that of three old bachelors who agree to take charge of the grown daughter of the girl who had rejected the love of all three of them in their youth. Comedy complications ensue fast and furiously and soon become interwoven in a series of dramatic incidents which are solved happily for all concerned after the girl has been jailed on a charge of aiding and abetting three criminals to break out of prison. "Three Wise Fools" has almost everything in it that the most jaded fan could wish for—comedy, romance, reality, thrills, and spectacular moments.

Its cast is of the kind that Goldwyn has accustomed picturegoers to expect. Remember Elton Sneed in "Rupert Hughes" "Souls for Sale," is the girl—the "three wise fools" are Claude Gillingwater, William H. Crane and Alec Francis. The cast also includes John Sainpolis, Brimley Shaw, Fred Emmett, William Haines, Lucien Littlefield, Zasu Pitts, Martha Mattox, Craig Biddle, Jr., Creighton Hale and Raymond Hatton.

DOMINION

Old Omar Khayyam was right when he wrote the verses about the two lovers who were eager to knit things to their heart's desire, for the proof is in "Main Street," the novel by Sinclair Lewis, which after being read by millions in its book form has now been made into a picture with an all-star cast headed by Florence Vidor and Monte Blue.
Carol Kennicott, the heroine of the picture, has been absorbing many high-falutin' airy ideas before she comes to Gopher Prairie as the wife of Doctor Kennicott. She takes a look at the town and presto! decides it is ripe for change, the change to consist, of course, in the inhabitants adapting their ideas to hers.

"Main Street" in its screen form, is showing at the Dominion Theatre for an entire week. It is a Warner Brothers classic of the screen, directed by Harry Beaumont.
Norma Talmadge in "Love's Redemption," distributed by Associated First National Pictures, Inc., is the feature at the Royal Victoria.
Miss Talmadge takes the role of a young girl in the West Indian isles who sets herself the task of reforming one of the many castaway Englishmen on the island. The man she chooses for this purpose is Clifford Standish, a youngster of fine breeding, who has gone to seed under the demoralizing influence of too much "Planters' Club" and Jamaica rum.
From this starting point the authors

AT THE THEATRES

Capitol—"Three Wise Fools."
Dominion—"Main Street."
Columbia—"Love's Redemption."
Columbia—"The Flower of the North."

have unwound a tale of tense heart appeal and sentiment that involves many very human characterizations. The fight is made against the meanest odds in which the girl realizes that she must not only save the man's soul but her own reputation from the malicious scandal that floats around the island port.

Miss Talmadge fits every requirement of the keen-witted Jamaican girl. Harrison Ford is leading man. Other members of the cast are Montagu Love, Cooper Cliffe, Ida Waterman, Michael M. Barnes, E. Fernandez and Fraser Coulter.

In addition to the feature picture Buster Keaton is seen in his latest comedy special "The Frozen North."

It is a comedy that creates laughter from the very start and is a great acquisition to the present programme.
COLUMBIA
A notable cast was selected for the James Oliver Curwood story "Flower of the North," which will be shown at Columbia Theatre to-day.
When Vitaphone decided to visualize this famous story David Smith, whose success with "The Courage of Marge O'Donn" and "Black Beauty" stamped him as a director of unusual worth, was selected to direct the production. The cast was engaged after a long and careful search. Pauline Starke was engaged for the chief feminine role and Henry B. Walthall, the hero of "The Birth of a Nation," given the leading male role.
The remainder of the cast is equally notable, the players having been selected not only for their ability to act but for their suitability for the

clear cut types they were to portray. Emmett King has the powerful and picturesque role of D'Aracambal, the master of "Fort o' God," and others include Harry Northrup as Thorpe, Joe Rickson as Pierre, Jack Curtis as

Blake, Walter Rogers as McDougal, William McCall as Cassidy and Vincent Howard as Sachigo, an Indian chief. In addition there are hundreds of extra players for the lumber camp scenes and an entire tribe of Indians. Equal care was made in selecting

Comedy, "For Safekeeping"

locations, and Director David Smith discovered sites in the northern part of Oregon never before used in film productions and before selecting a location became assured that its natural wealth of beauty was worthy of photographic reproduction, hoping that in addition to being an exciting story "Flower of the North" would serve as a travelogue. Beautiful long shots from high mountain peaks lend enchantment to the story. Animal photography, such as squirrels, raccoons, rabbits nursing at their mother's breast, opossums, wild geese, wolves and other animals of the north at close range give a touch seldom seen in a dramatic production.

The story is replete with thrills. One of the most exciting scenes perhaps is when the girl plunges to almost certain death shooting down the rapids in a canoe which is paddled. This scene reaches its height when Henry B. Walthall breathes the current and rushes to the rescue of the heroine. An Indian fight, night charges and a terrific battle scene are other spectacular situations in this unusual story of love and adventure.

ALL NATIONS MARCHING TO ARMAGEDDON

But—"Millions Now Living Will Never Die"

JUDGE RUTHERFORD SAYS:

"THE WORLD faces a condition never before experienced. Fear has taken hold upon all classes of people because they see in a measure the things coming upon the earth. The nations are in distress and in great perplexity.

"THE WAR did not make the world safe for democracy. The very foundations of civilization are now shaken by revolution, labor strikes, official lawlessness, profiteers, Bolshevism and anarchy. Both capital and labor are resorting to extreme measures. The common people have lost confidence in their leaders. The clergy have abandoned the Word of God and joined hands with big business and big politicians in an attempt to control the world, and these are opposed by radical forces.

"EUROPE is completely bankrupt, with her restless host of unemployed and discontents hourly increasing. Belligerent organizations are rapidly numbering their men and taking account of their strength. All contending forces are hastening to the great battle of Armageddon. (Revelation 16:16) The disaster resulting is beyond the description of human words.

"BUT let the people take heart. The Lord will cut short the trouble, bring order out of chaos, establish peace and righteousness; and millions of people now living will become obedient to His order of righteousness and will live on the earth forever in peace and happiness."

FEAR AND PERPLEXITY

We are at the end of the world. Concerning this time Jesus said: "Upon the earth distress of nations with perplexity, men's hearts failing them for fear and for looking after those things which are coming on the earth." Below are some expressions showing what leading men of the world see rapidly coming; hence their fear, perplexity and distress.

Ramsay MacDonald, Member of Parliament, says: "There is no settlement in Europe. There is no peace in Europe. Governments can do nothing. They are afraid to do anything and they stand by and allow things to go from bad to worse. . . . 1923 is worse than 1914."

Senator Borah: "War is imminent upon the continent of Europe."
Secretary of War Weeks, in *The Nation's Business*: "The United States is preparing for war that would tax us to the utmost for man power and resources."

Brigadier-General Lassiter: "The units now being definitely established will provide a force of about 3,000,000 men."

Lloyd George: "A new chapter opens in the history of Europe and the world, with a climax of horror such as mankind has never yet witnessed."

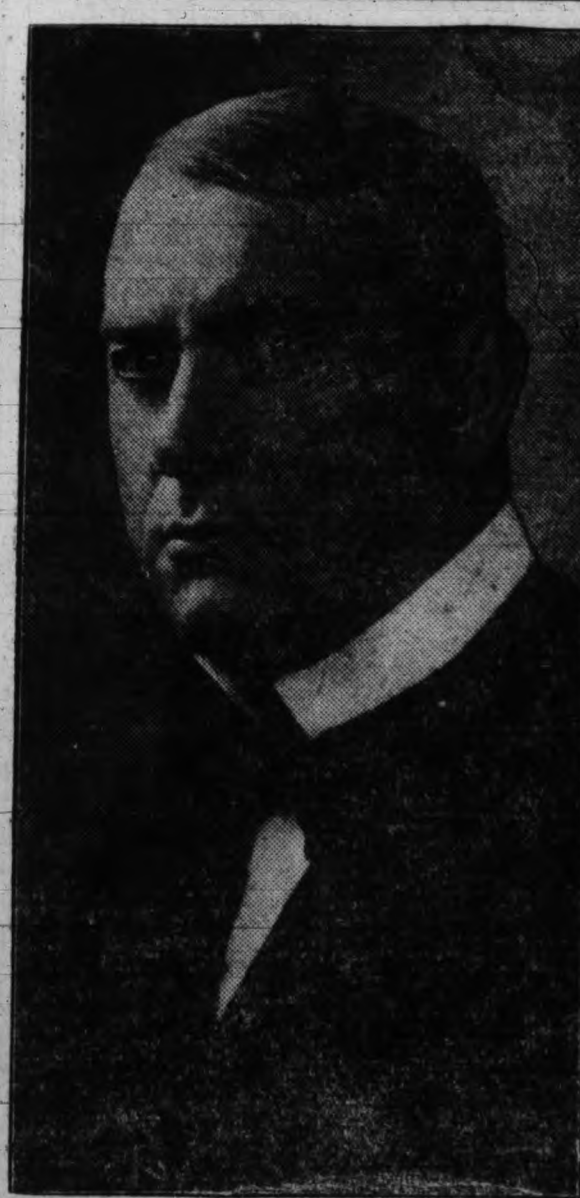

The People of British Columbia Are Invited to Hear

NEWS IN BRIEF

A dance will be held at the Temperance Hall, Keating this evening, under the auspices of the Hall Committee.

A half ton of coal, a costly vanity case and a pleaser are being held at 1307 Blanshard Street for winners of the tombola at the Moose picnic. Tickets No. 3787, 3883 and 3908, W. D. Taylor announced to-day.

The popularity of the weekly series of dances held at the Auto Camp by the Victoria and Island Athletic Association was evidenced last night. The campers again joined the Victoria club members at the dancing pavilion and the accommodation was taxed to the utmost.

At the home of Edward Parsons, Cordova Bay, this evening, the members of the Hunters and Live Wire clubs will be entertained. The boys will be transported by motor cars from the Y.M.C.A. this evening, at 6.30 o'clock, to their destination. There will be about forty boys present, it is expected.

Fred Orchard, a former member of the 103rd Battalion, and at one time a well-known billiard player in Australia, has a belated souvenir of the war lodge in Victoria. As a result of which he lost a leg and received other serious wounds. Orchard yesterday exhibited a piece of shrapnel from the hand that had taken five years to work its way to the surface.

The Sons of England of Victoria at a meeting last night ordered the following telegram to be sent to the Supreme Lodge of the Sons of England now in session in Toronto: "Lodges Alexandra and Pride of the Island, in session assembled, wish Supreme Lodge, Sons of England, the greatest success in their deliberations for the extension of our beloved society, and wish to emphasize and support most strongly the request sent from our lodges of the city of Victoria for the holding of the Supreme Grand Lodge in Victoria in 1925." Signed, W. A. Carpenter, district deputy. The delegates to the Supreme lodge include Brother Brindley and Brother Tom Hall, both of Victoria.

OBITUARY RECORD

Funeral services over the remains of the late James M. Savage were held yesterday afternoon at the family residence, St. Charles Street, after which the remains were forwarded on the night boat to St. Catharines, Ontario, for interment. The Bishop of Columbia conducted the service, and the pallbearers were Messrs. Thomas Graham, A. Auchinbuck, C. Graham, T. A. Spruiston, C. E. Thomas and P. S. Pagan. Honorary pallbearers were Lieutenant-Governor Nichol, Chief Justice Macdonald, Captain Troup, and Messrs. C. E. Fumerton, R. P. Butchart and C. E. Todd. The remains are being accompanied East by Mrs. J. M. Savage and Mr. and Mrs. T. O. Mackay.

The funeral of the late Mrs. Rachael Ann Pennicott, who passed away at St. Joseph's Hospital on August 13, took place yesterday afternoon at 2 o'clock from the Sands funeral chapel. There was a large gathering of sympathizing friends at the impressive service conducted by the Rev. Frank Hardy, assisted by Commandant Hoddinott and Mrs. Hoddinott. Many beautiful floral offerings were sent. The hymns sung were "Lead, Kindly Light," and "Sun of My Soul." The following acted as pallbearers: Messrs. F. G. Orr, A. C. Loat, E. Johns, D. Leithen, H. S. Pringle and R. Ryle. Interment was made at Ross Bay cemetery.

TWO UNIVERSITY SCHOOL STUDENTS TO ATTEND R.M.C.

F. C. Pollard, one of the matriculating class of the University School this year, has successfully passed into the Royal Military College at Kingston.

Another student of University School, A. W. Wolfe-Merton, son of Major Wolfe-Merton, will also proceed to the Royal Military College at the end of this month, having qualified in the matriculation examination of the B. C. University.

Mr. Pollard, of Yokohama, has arrived here to take his son to Kingston, and is staying at the Empress Hotel.

Dr. A. O. MacRae, principal of the University School, in making an announcement to-day, says that the successes are regarded by the school authorities as of great interest.

INTERIOR STARTS FIGHT FOR FRASER RIVER ROAD ROUTE

Form Organization to Block Hope-Princeton Plan for Trans-Provincial Road

People of the interior of British Columbia, led by the citizens of Kamloops, have launched a strong campaign to persuade the Provincial Government to complete the trans-provincial highway immediately and to build the last link of the highway along the Fraser river canyon instead of over the old Dewdney trail from Hope to Princeton, according to word that has reached the Parliament Buildings.

Kamloops citizens, at a recent mass meeting, formed an organization the sole purpose of which is to boost the Fraser river route in opposition to the Hope-Princeton plan. This organization will start its agitation in favor of the Fraser river route, when Kamloops delegates attend the annual convention of the Good Roads League of British Columbia in Vancouver next week.

All the leading citizens of Kamloops attended the recent mass meeting, when plans for boosting the Fraser river route were mapped out. Everyone agreed that the Fraser river route was preferable to the Hope-Princeton route, because the latter would have to be closed during a large part of the year on account of snow.

The Fraser river route, it was explained, follows the old Cariboo wagon road, over which the gold miners of 1862 trudged into the Cariboo and Barkerville. Cost of completing this link was estimated as follows:

Hope to Lytton \$10,000
Lytton to Spence's Bridge \$5,000

Total \$15,000

Efforts are being made by Kamloops people to secure the support of the whole of the Cariboo in their fight for the Fraser river route. Queens, and Barkerville, in the Cariboo, and Merritt in the Nicola Valley, will support the Fraser river route, it was stated at the mass meeting in Kamloops.

SAANICH COUNCIL ASKED FOR MORE WATERWORKS MAINS

Application for Grounds Along Blenkinsop Road

The Saanich Council, in session this afternoon at Royal Oak Municipal Hall, had before it a petition for a two-mile extension of the waterworks system to serve Blenkinsop Road. Nearly every resident of that district had signed the appeal, which Reeve Watson announced his intention of supporting on grounds that a large proportion of the total cost of installation would be repaid. Saanich in the first year, and also that it was to supply water to a four-inch service mains of low first cost that the Municipality installed twelve-inch mains at a cost otherwise unjustifiable.

Reeve Watson, as delegate from Saanich to the Good Roads League Convention at Vancouver, and the Union of Municipalities Convention at Prince Rupert, will ask the Council to endorse a number of representations which he proposes to advance at these gatherings.

FIRE DESTROYS SAANICH HOUSE

Fire last night destroyed a vacant house at the corner of Obed Avenue and Wascana Street, Saanich, which is the property of F. J. Staepoole, K.C., Registrar of Land Titles.

The house was a two-story structure, and was a fire trap. Although the apparatus was on the site in three minutes, nothing could be done to save either the house or its contents. The blaze was spectacular at one time, and attracted many passing motorists on the Gorge Road and Burnside Road to the scene. No reason for the outbreak had been discovered up to midday to-day.

CHESS MASTERS ARE HAVING KEEN GAMES

Yip Hopatong, N.J., Aug. 17.—Black, of Syracuse, defeated Bielewicz, New York, in the first round of the day's matches in the masters' tournament of the American Chess Congress. He took only twelve moves to gain the verdict, which gave him a standing of five victories and four defeats.

The two tournament leaders, Marshall, of New York, and Janowski, of Paris, the former with seven victories and one defeat, and the latter with six and a half points won, to one and a half lost, were paired in the feature match of the day.

Palmer, of St. Louis, and Sourin, of Washington, are paired to-day.

CITY HALL STAFF INVADERS COUNCIL CHAMBER TO-DAY

Vigorously Oppose Any Slashing of Money Set Aside for Superannuation

City Hall employees are preparing to stage a battle at the City Council for the protection of their superannuation scheme. Following the proposed cut at the last City Council meeting of \$1,500 from the \$5,000 set aside for pension purposes, the employees have expressed their determination to resist any shaving of the pension money for other purposes. The \$1,500 which is proposed to use for the purchase of maps for the assessor's office was objected to by the pension fund. A meeting of the workers was held to-day, and the matter was thoroughly thrashed out with the result that a delegation was sent to fight for the protection of the superannuation scheme to the last ditch.

A delegation of employees, probably the heads of each department, will invade the council chamber to-day, and the workers will be held to-day, and the matter was thoroughly thrashed out with the result that a delegation was sent to fight for the protection of the superannuation scheme to the last ditch.

RUSH NEW ROAD THROUGH SOLID MOUNTAIN ROCK

Government Awards Contract for Highway Link From Golden to Yoho Park

Contract for the construction of a new highway from Golden to Yoho Park, in the heart of the Rocky Mountains, has been awarded by the Provincial Public Works Department to Tierney and Company, of Vancouver. The new road will be a link in the highway system of interior British Columbia.

The distance to be covered by the new contract is only a mile and a half but the work involves a great deal of blasting and rock cutting. This Golden-Yoho Park link, in fact, is considered the most difficult to be constructed by the Provincial Government to connect up with the Banff-Yoho Road near Castle Mountain. The road from Golden will have to be blasted almost out of solid rock, but surveys have been made, and a plan of the road has been approved. The contract awarded to Tierney and Company, it is understood, involves the expenditure of about \$45,000.

Arrangements are being made to start the work immediately so that it may progress as far as possible before snow flies. Engineers are laying out the grade of the road now.

COL. MCGUGAN'S FATHER SEES MANY CHANGES

Malcolm McGugan, of Strathroy, Ontario, seventy-eight-year-old father of Col. Donald McGugan, head of the legal department of the liquor control board, has been visiting his son here.

"You have in this city the finest buildings and finest setting for a city of any place I have seen," Mr. McGugan said, at the Empress Hotel. "The flowers here are wonderful."

With Mrs. McGugan and their two daughters they took a run down the coast to Portland and returned yesterday.

McGugan recalled the sights in connection with the first railroad in Western Ontario, put through in 1855, when he was nine years of age, and said many things have changed since those days. He was Liberal member for South Middlesex, in the Dominion House of Commons, from 1896 to 1904. The McGugan family has been in the family for nearly a century since Col. McGugan's grandfather came out from Scotland and pioneered it.

There has been a lot of change in Western Canada during the last twenty-three years, since he made his last trip out to British Columbia, Mr. McGugan said.

PLAN FOR FLOWER SHOW NEXT MONTH

Keating, Aug. 17.—The monthly meeting of the South Saanich Women's Institute was held in the rooms on Thursday evening. Plans were made for the flower and vegetable show to be held on Saturday, September 15, at the Temperance Hall. Owing to lack of time the paper on "Home Nursing and Child Welfare," from Mrs. Young was not read, but this and further arrangements for the show will be heard at the special meeting set for the first Tuesday in September.

A special feature at the show will be a competition in which the different institutes of Saanich are being invited to compete, the institute gaining the most points to be presented with a prize. Points will be given for different articles of cooking and canned fruit and vegetables. Mrs. Hafer, convener of home economics, will be in charge of this section. There will also be children's work, cut flowers, potted plants and vegetables.

NATURE'S BEAUTY CONSERVED IN ART

Royal Oak Cemetery Development Royal Now at Its Peak

Fine Permanent Driveways Reflect Changing Styles of Traffic

The Royal Oak Cemetery initial development, comprising fully one-fifth of the territory of value for burial purposes, will be completed early in September, Cemetery Engineer F. Butterfield announced to-day.

It will then be in condition for seeding and boulevarding, which it is understood the board will place under the direction of a trained cemetery gardener.

Development operations have now advanced to a point supporting the assertion of the Joint Cemetery Board that the institution will be the finest on the Pacific Coast in the course of a few years.

A large gang of men and several teams are now at work on the entrance, which will be the most imposing development of the kind on the East Saanich Road. It will have a width of 150 feet at the point of junction with the main highway, narrowing to forty feet at the gateway. This will be marked by handsome gate supports and ornamental iron gates, the latter being now on the way here from the East.

Rock driveways twenty-two feet wide, designed to support motor traffic, curve gently around the parkland slopes, being designed for one way traffic, with the ingress and outgoing roads meeting at the point now occupied by the old farm buildings, which are about to be removed.

Drainage Completed

The whole undertaking is drafted on a scale in accordance with modern motor traffic, which makes the new cemetery accessible to the public as quickly as was the old Ross Bay Cemetery in the days of horse traffic. Because of the greater wear and tear of motor driven traffic, the driveways in the cemetery will be surfaced and in a few years will carry a surface comparable with asphalt. This is in part due to the magnificent system of drainage which was completed before the start was made upon the construction of the highways.

An important factor of this drainage scheme has been the control of the large creek which hitherto ran through the property. This has been completely enclosed in a concrete flow line of large size, which is covered deeply with material removed from the grading operations. Skillful surveying has reduced the fill to the minimum by taking advantage of the natural gradients of the land.

Thousands of yards of excellent rock metal have been used in the mile and a half of driveways now in readiness, the blasted face of the rock outcrop being masked from view by a conveniently situated bluff of fine fire.

The Employees.

At present there are over sixty men employed on the grounds, a large squad being employed in laying a capacious water main service, which is not only destined to a scale to care for the demands of all time, but is equipped with stand pipes at such intervals as to assure little inconvenience to the public visiting the grounds.

Three separate plots facing south and west, served on all sides by driveways, will be the first to be placed in service, these are now being staked in accordance with the permanent plan of grave plots, and are practically in readiness for use.

It is planned to have the first graves laid to rest as soon as the first rains make that action proper.

VANCOUVER OBJECTS TO TOURIST AGENT

Say Victorian Representative Knocks Mainland to Draw Visitors Here

Complaints are being circulated in Vancouver that the representative of the Victoria and Island Publicity Bureau in Seattle, is diverting tourists who would otherwise have visited Vancouver, towards this city. The reports state that he is misrepresenting Vancouver, saying that there is nothing of interest there. Apparently this report originated among tourists coming into Vancouver, who stated that the Victoria representative in Seattle did his utmost to persuade them to go to Victoria and not to Vancouver.

The Vancouver Province mentions no names, but says that George I. Warren, Commissioner of the Publicity Bureau here, has emphatically denied the statement. Mr. Warren is at present in Seattle, together with the Victoria agent in that city. It is probable that he will immediately look into this matter.

H. N. Fynn, of the Victoria Chamber of Commerce, said this morning, when questioned on the matter, that

VICTROLA

Console Model Victrola \$135.00. Easy Terms.

All the World Buys Victrolas

Because one can buy a Victrola and know that the quality of the instrument is above criticism. Everybody knows that the Victrola is the instrument chosen by the world's greatest artists as the medium through which to express their art. In purchasing a phonograph isn't it a wise policy to follow the advice of such men as Caruso, Paderewski, Elman and many others?

VICTORIA FEED COMPANY LIMITED

1901 Government Street. Phone "Two-nine-oh-eight"

It was something for Mr. Warren to deal with, but that the Victoria representative, Harold Palmer, was in Seattle to encourage motor travel by the Bellingham, Anacortes and other ferry lines, and not to hit at Vancouver, in any way. Furthermore Mr. Fynn feels that there must be some mistaken information in circulation in Vancouver, for to his knowledge Commissioner Warren has heard nothing of the matter.

Frank Gloim, of the Publicity Bureau here, also doubts the story's authenticity.

WINNIPEG BOWLING

Winnipeg, Aug. 17.—W. J. Creelman, Brandon, Man., eliminated Fred Vanderick, Saskatoon, in the semi-finals of the Sir John C. Eaton visit-

ors' event of the Manitoba lawn bowling team here yesterday, 12 to 11.

Dean W. J. Rutherford, Saskatoon, is also in the semi-final and is playing to-day.

Fort, Winnipeg, defeated Rutherford in the Spicer-Barnett event. Later Rutherford was defeated in the singles' event by Noble, Winnipeg. Steele, of the Rutherford rink, is still in the singles, which is out to the eighth.

THE EASIER WAY

Mrs. Johnson—Our last cook was terrible and I'm glad she's gone.

Miss Sweete—Did you discharge her?

Mrs. Johnson—No, I didn't want to make a scene, so I flattered her about her cooking and she thought she was underpaid and left.

Man! But These Are Real Shoes!

You've probably heard of Florshiem Shoes but did you ever treat yourself to a pair of them? If you have you will know how it feels to be really well dressed from the feet up. Another important point is that they wear just as satisfactorily as they look and they retain their smart snappy shape to the very end which is a long long time—often you have forgotten how much you paid for them.

Interest Keen
Over Game for
Title To-morrowC. P. R. and Nanaimo Will
Meet at Stadium; Forbes
and Kaye to Pitch

What is expected to prove the best ball game that has been staged here this season is down for decision at the Stadium to-morrow afternoon. Nanaimo, champions of the Upper Island League, and the C. P. R., Victoria champions, will meet in the second game of the Island championship series. Nanaimo has one game to its credit and a victory for to-morrow will give them a chance to meet the Vancouver champions for the B.C. title.

The game will be called at 3:30 o'clock, and Allie McGregor will look over the balls and strikes, while Jim Aiken, of Nanaimo, will call them safe or out on the bags.

Same Twirlers On Deck

In view of last Saturday's thrilling struggle between these teams, when they went along until the ninth inning without a score, the fans are assured of a real classic to-morrow. Forbes and Kaye, who linked up in the previous pitcher's duel, are due to face each other again. Forbes had a no-hit-no-run game to his credit until the ninth inning, when a bad call and two hits sent across the winning run. Kaye has a big reputation as a twirler and the railroaders have heaps of respect for his ability. He pitched a fine game last week and the C.P.R. slug-gers were let down with a little twirl.

It is expected that bumper crowd will be in attendance at the battle, and the local champions are hoping that every fan in the city will wend his way to the Stadium and give them their wholehearted support. Many Nanaimo people will be down for the game this time.

Roy Copas, the popular skipper of the C.P.R. team, when asked this morning what he thought of his team's chances, said: "I think that we have a team lined up that can turn the trick, and am confident that we will reverse our defeat last Saturday. We had kind of tough luck at Nanaimo, but that is not worrying any of us as we will be on our home diamond to-morrow and with the crowd behind us I think we will account for the coal miners."

No Double-Header
A double-header will not be played here to-morrow, word having been received from the B.C. Amateur Baseball Association, that to that effect. If the Victoria nine win it will necessitate a third battle and it is the hope of the local league that it will be played on neutral grounds.

The C.P.R. team will line up the same as it did last Saturday, with Art Minnis on the mound and end of the battery and Jackson in the outfield. Campbell will perform at the short-stop bag with Harry Conner at first base and Hank Conner at second base. The reliable Bob Whyte will be in left field with Roy Copas in centre and Colin Campbell will be watching the left handers in right.

The Nanaimo team will line-up as follows: Piper, Gardner, H. Courtney, R. Rice, Ed. Edmundson, H. Bailey, H. Beattie, G. Gartner, K. Kaye.

Vancouver, Aug. 17.—Young Liberals are one game up on the Young Liberals in the British Columbia amateur baseball series. They won an interesting struggle here last night in the semi-final match between the Young Liberals, six runs to three, they met again on Saturday afternoon, and should Young Liberals win again they will qualify to meet loco, the winners of the Mainland championship. Should Hanbury's win, another game in this series will be necessary to decide the semi-finalists.

LECOINTE EQUALLED
AMERICAN RECORD
IN ALTITUDE FLIGHT

Paris, Aug. 17.—Sadi Lecoigne, the French aviator, equalled the American altitude record for aeroplanes August 8, when he reached an altitude of 10,518 metres. It was officially stated by the Aero Club of France to-day, Lecoigne's altitude of 10,518 metres was a record, or virtually the same as the record made by Macready, September 23, 1921.

OLD COUNTRY FOOTBALL

Glasgow, Aug. 17.—The second game of the Scottish association football season between Partick Thistle and Clydebank yesterday afternoon, was a direct duplication of the opening game on Wednesday between Clyde and the Ardronian in the Heart of Midlothian. The Ardronian, who will have Hamilton Academical on the former's ground, while Partick play another home game with Ayr United.

The English soccer season will begin on Saturday, August 25.

CHAMPION TO SWIM

Helen Wills is
Victorious in
Gruelling GameMiss McKane, English Cham-
pion, Defeated; Mrs. Clay-
ton Is Sole Survivor

Forest Hills, Aug. 17.—Mrs. R. C. Clayton is the last of the British women remaining in the play for the United States ladies' singles tennis championship. She survived yesterday's round by defeating Miss Leslie Bancroft, of Boston, 6-3, 6-1. Two other British stars, Miss Kathleen McKane and Mrs. Nancy Covell, were eliminated, the former being beaten by Miss Helen Wills, the Californian, 2-6, 6-2, 7-5; while the latter was accounted for by Miss Eleanor Goss, of New York, 6-2, 6-3, 6-4.

The British ladies were only beaten after the most gruelling struggles and the spectators were treated to some excellent tennis.

One British and three American pairs were left in the runnings for the national doubles championship. Play in which also reached the semi-finals. All came through decisively yesterday in their third round matches and barring an upset, the British combination of Miss Kathleen McKane and Mrs. Covell is expected to contest for the title on Saturday with Miss Goss and Mrs. Geo. W. Whisman, of Boston. The English women will play Mrs. Helen G. Lockhorn, of Mamaroneck, N.Y., and Mrs. Natalie Morris, of New York, in the upper half of the draw to-day, while the American favorites will oppose the youthful team of Miss Cecie Baker, of Orange, N.J., and Miss Lillian Scharman, of New York.

The victories of Miss Wills and Miss Goss, both coming after spectacular, closely-fought struggles, were the high spots of yesterday's programme. The coast girl, despite her wildness in the first set, flashed the most brilliant sort of tennis in defeating Miss McKane who, in probably her last appearance on American courts this season, displayed her best tennis so far.

Had Best of Exchanges
The superior generalship and stamina of Miss Wills proved the deciding factors in her second successive victory over the top ranking English star. Throughout the three sets it was a baseline duel, but Miss Wills had much the better of the exchanges at the net when they volleyed at close quarters. Aided by her young opponent's errors and driving with beautiful precision herself, Miss McKane swept through the first set easily, but the coast girl, gathering confidence, captured the second just as decisively.

Miss Wills started the third set in a walk-over fashion, running into an advantage of 5-1 on the ground before Miss McKane made her last desperate stand. The English woman, racing from side to side to make frequent marvelous returns of Miss Wills' powerful fore-hand shots, took four games in a row to square the set. Every rally at this stage was a keenly fought, both putting tremendous force into their drives.

Final Rally Too Much
But the effort weakened Miss McKane and she was an easy victim in the last two and concluding games. Two double faults enabled Miss Wills to break through the Briton's service in the eleventh and the coast girl quickly finished the match on her own service in the twelfth.

One of the most spectacular bits of work by Miss Wills in the final set came in the sixth game when, after trailing at love-forty on her own service, she won five straight points to win the game.

The Goss-Covell encounter was curiously similar to the Wills-McKane match, the final set, in fact, bringing out the keenest competition of the day.

Neither Mrs. Mallory nor Mrs. Clayton were extended in their matches. The champion kept Miss Hooker on the defensive with her powerful, aggressive attack in both sets, while Miss Bancroft, in going to defeat, the English woman, at no time displayed her best form. The Boston girl's play has shown the effects for some time of her illness, and though at her best, she might have been a formidable opponent, she did not play with customary effectiveness.

BUENOS AYRES IS
TALKING ONLY OF
FIRPO'S CHANCES

Buenos Ayres, Aug. 17.—Only the expense and length of a journey to New York are preventing large numbers of South Americans from attending the Firpo-Dempsey fight next month. There is much keenest public interest in the fight in all the South American countries, where hopes are high that Firpo will bring a Debut's championship to the first time to Latin America.

The match is virtually the topic of conversation in Buenos Ayres, the newspapers being filled with columns of discussions over Firpo's prospects.

Several newspapers are offering bets, to show who will win, nearly predict the winning round and winning blow.

FIRPO MAKES LAST
PUBLIC APPEARANCE

Indianapolis, Aug. 17.—Luis Firpo to-night will try to prove to Indianapolis boxing fans that he is good enough to give Jack Dempsey a real battle for the world's title in New York next month. Firpo is scheduled to box ten rounds here with Joe Downey, of Cincinnati. He will be his last public appearance before meeting Dempsey.

NO WIND, NO RACE

St. Paul, Minn., Aug. 17.—What was to have been the opening race yesterday in the Cameron cup regatta between American and Canadian craft, was declared no contest, after the four boats competing had drifted aimlessly in a light breeze without completing the course. Because of yesterday's postponement two races are scheduled for Saturday.

CANADIAN RUNNER
SETS NEW RECORD

Montreal, Aug. 17.—In the one-and-a-half mile exhibition race at the Montreal A.A.A. grounds yesterday, W. Antille set a new Canadian record for the distance, in 7 minutes, 19.1 seconds.

GOT DECISION OVER SMITH

Eldorado, Ark., Aug. 17.—Dandy Dick Griffin, of Port Worth, won a newspaper decision over Mildred Smith, of New York, in a bantamweight bout last night at the end of a ten-round bout.

DON'T OVERSWING WARNS SARAZEN

A proper back swing is the secret
of hitting the ball effectively. You
might have addressed the shot cor-
rectly and your grip may be all right,
but if you do not take the club back
in the proper manner the preliminary
motions will be of no avail.

The club to remember in having the club poised properly to strike at the ball are these:

A straight left arm across the chest, with the head looking over the point of the left shoulder, a slight pivot of the left hip and knee, with most of the weight on the inside toe of the left foot, the right elbow pointing toward the ground and held in fairly close to the body (within about four inches), the right knee braced so as to keep the body from swaying, and finally, the club pointed toward the ground and the hands raised no higher than the right shoulder.

Keep the swing in the groove and impact, is my advice to everybody. Don't over-swing, and keep the wrist well under the club.

Notice in the "incorrect" position.

New York Teams
Get Back Into
Stride and WinGiants Tounce Cincinnati,
While Yankees Overcome
Browns

New York, Aug. 17.—The league leaders regained their old stride yesterday. The Giants trouncing Cincinnati, 7 to 1. The Yankees also won from St. Louis in a tight four-pitcher battle, 3 to 1. Pennock was the winning pitcher.

Hits by Fothergill and Cobb won for the Tigers over Philadelphia, 3 to 2.

Grimes pitched a shutout game against the Cardinals, the Robins winning, 3 to 0.

Cleveland easily defeated Boston, 12 to 3.

In Chicago, Washington trimmed the White Sox, 9 to 2.

A home run by Walker, with two on, gave the Phillies a victory over the Pirates, 8 to 5, while the Cubs were defeating Boston, 6 to 2.

C.Q.M. S. H. Bishop, Ottawa, tied with scores of ninety-six in the two-day shooting for the McDonald Briar match, which terminated here yesterday.			

The results of the McDonald Briar team competition will not be known until late to-day.

The City of Ottawa trophy competition, one of the most popular on the programme, was won by an Ottawa man, R.S.M. E. G. Godhouse, with a score of ninety-eight.

Weather conditions yesterday, despite a slight mirage, were ideal for shooting, and practically every marksman at the meeting was out on the range shooting in the various competitions.

Western Scores

City of Ottawa competition (Western scores): Private A. H. Caplin, Vancouver, ninety-one; Captain F. R. Richardson, Victoria, ninety; J. H. Buckett, Regina, and Private J. Cummings, Regina, 89.

McDonald Briar match (Western scores): Major R. M. Blair, Vancouver, ninety-three; Martin, Calgary, ninety-two; Serget, W. H. Wood, Victoria, ninety-one; Major F. Richardson, ninety-one; Private P. Seaward, Vancouver, Private Cummings, Regina, Lieut. A. Martin, Calgary, ninety; Gunner F. Holem, Calgary, eighty-nine; Corpi, J. A. Bowen, Edmonton, eighty-eight.

Gov.-General's Footguard team, Ottawa, with a score of 533, captured the much prized "Coates" trophy, open to uniformed teams only. With the Coates cup goes \$50.

**KEEN GAMES FEATURE
CLAY COURT TOURNEY**

Vancouver, Aug. 17.—Yesterday's play in the B. C. clay court championships brought forth some excellent tennis and some surprises. Mrs. Milne, Vancouver, and Mrs. Robinson, Seattle, were defeated by the straight sets by Miss Gillespie and Miss Munro, Vancouver.

Two matches were called on account of darkness. Merrill a victor from Spokane, and his partner, L. McMaster, the junior clay court champion, paired well together, making McGill and Rhodes extend themselves, the first set going to the latter.

Richards, the runner-up in the Canadian championships, had a strenuous match with W. B. Boucher, each having won one set, the third set being six all, when the match was called on account of darkness. Boucher took the first set 10-8.

WON ARCHERY TITLE

Chicago, Aug. 17.—W. H. Palmer, Jr., representing the Penn Athletic Club, of Philadelphia, captured the archery championship of the United States yesterday in the final shoot of the forty-third annual tournament of the National Archery Association of the United States. Easterners took second, third and fourth places in the meet, and Eastern teams also triumphed over their Western rivals with bow and arrow.

Matches To-day
Mark Close of
Dominion ShootPersonnel of Next Year's Bisle
ley Team Depends Upon
Outcome of MatchesConnaught Ranges, Aug. 17.—The
results of to-day's shooting here will
practically decide who will be among
the leaders for next year's Bisle
team. The Gzowski competition, to
be fired under active service condi-
tions, and the second stage of the
Governor-General's, both to be fired
to-day, will be the deciding factors
on the total aggregate.

Connaught Ranges, Aug. 17.—
(Canadian Press)—Out of a possible
eleven, three of the Bisle team, each
contributing 40 or better. The rest
of the side being severely hurt by
the rain. The Bisle team, which
won the Dingwall Cup last week and
this week he has done his share in
putting the Olbs to the front. He
continued to play well, and the vic-
tory was won on a splendid score
and saved his side. Stocks was the
next best of the Olbs with 24.

The Olbs made a stand but the
four duck eggs ruined their chances.
Sparks with 45, J. Wenman and Pate
batted hard but could not save the
side. There was no time to com-
plete the second innings.

Mushrooms Win Again

The Mushrooms got back into their
stride and vanquished the Up-Island
eleven, three of their batsmen,
David Eder, Edmondson and Collett,
carried the bulk of the burden, each
contributing 40 or better. The rest
of the side being severely hurt by
the rain. The Bisle team, which
won the Dingwall Cup last week and
this week he has done his share in
putting the Olbs to the front. He

THE TIMES DAILY PICTURE PAGE

OJIBWAY INDIANS PRESENT LONGFELLOW'S POEM.—The presentation of Longfellow's Hiawatha by a caste of thirty-eight full-blooded Ojibway Indians was the closing feature of Sault Ste. Marie's Discovery Week. The full figure on the left shows Annie Wabanosa as Minnehaha; in the circle is Zach, who plays the part of Kwasino, the story man; below is Tateabunduny, in the role of Obiblabos; next on the right is Squaw Tateabunduny as Nokomis, with the baby Hiawatha; on the extreme right is Alber Wabanosa, as Pau-Puk-Kee-Wia.

PASSING OF VILLA.—Here are the last chapters in the stormy career of Pancho Villa. At the top is the bullet-riddled automobile he and his aides were riding in when the assassins attacked. Sixty-three shots hit the machine, thirteen entering the rebel chieftain's body.

HARDING'S HOME CHURCH.—This picture of Trinity Baptist Church at Marion, O., which the Hardings attended while residing there, from where the President's funeral was held in Marion.

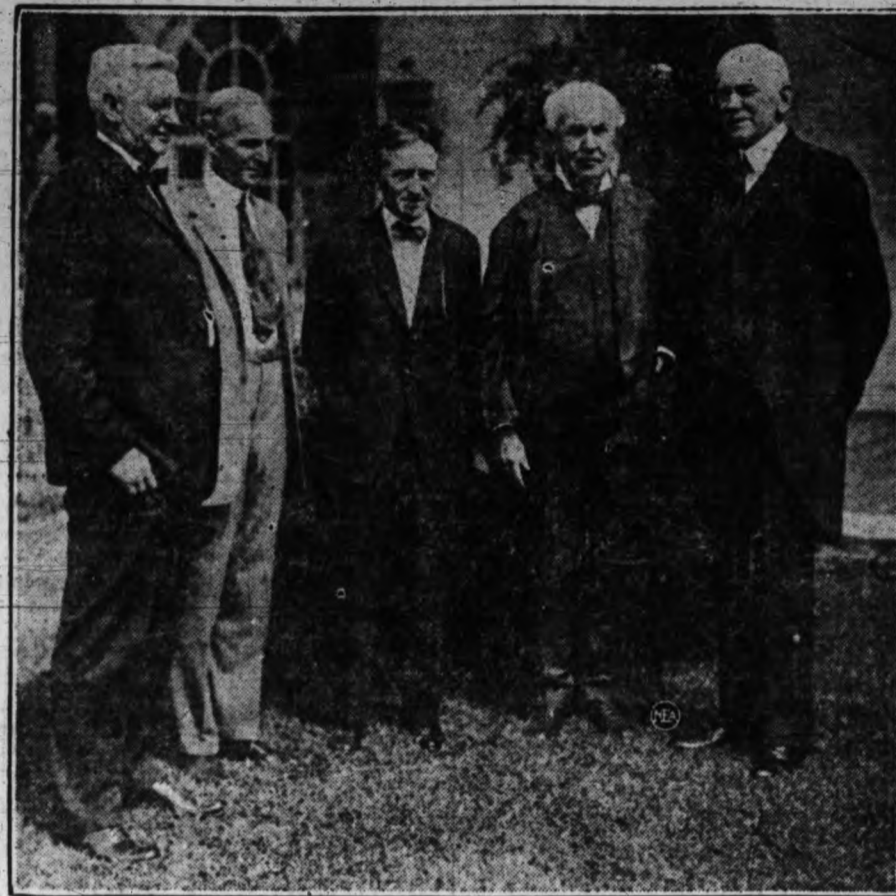

TRUSTED BRUIN.—Pretty little Elizabeth May Harris, nine-year-old daughter of a Spokane (Wash.) attorney, has felt, in a sad way, the ingratitude of a bear. A polar she was feeding bit off her right arm at the shoulder.

STEARNS.—Frank W. Stearns, Boston merchant and intimate friend of President Coolidge, is looked upon by many as the "Colonel House" of the new administration.

LATEST PHOTOGRAPH OF Capt. Joseph Thompson, speaker-designate of the sixteenth legislative assembly of Ontario.

HE WAS JUST A PAL TO THEM.—Henry Ford, Harvey Firestone and Thomas Edison have started on their annual camping trip. But they have left their best friend behind. They came to see him, though, before leaving. But they saw him in his flag-draped casket. This picture was taken in front of Dr. Harding's home on the morning of the late President's funeral. Rev. Jesse Swank, pastor of the Epworth Methodist Church in Marion, who offered the prayer as the casket was tenderly put into the vault, is on the extreme left. Bishop William F. Anderson of the Methodist Episcopal diocese of Cincinnati, who pronounced the benediction, is on the extreme right. Ford stands next to the minister, then comes Firestone. Edison is second from end on right.

PRESIDENT IN FIRST CONFERENCE.—Calvin Coolidge held his first conference as President of the United States immediately after arriving in Washington, going into consultation with Secretary of State Hughes (centre), now next in rank to the president, and Charles Curtis (right), Kansas Senator and Republican "whip" in the Senate, at his temporary headquarters in a hotel.

SCHOOL DAYS By DWIG

BESSIE HAS BIG IDEAS.—Bessie Clayton, noted dancer of two continents, is out to break all alimony records, it seems. It is reported she asks \$100,000 from her husband, Julian Mitchell, famous stage director, whom she says is grossly wealthy. The Mitchells have a daughter.

HAMILTON TRAGEDY.—Above, on the right, is seventeen-year-old Erie Johnson, of Hamilton, who was shot and killed by her lover, George King, on the verandah of her home. On the left is Cyril Gates, waiter in a Toronto restaurant, who gave the police information leading to King's arrest. In the centre is A. E. Kells, whom King forced at the point of a revolver to drive him from Hamilton to Toronto. Lower left is Kells's car. Lower right, Miss Iona Johnson, sister of the dead girl.

DEMONSTRATION PLATES PERMISSIBLE

Dealer Obtains Court Ruling
on Unusual Point

J. A. Cartier, of Cartier Brothers, motor dealers, this morning pleaded extenuating circumstances when charged by Motorcycle Constable Tom Palmer in the city police court with driving an automobile not equipped with numbers supplied by the Provincial Police Department.

Mr. Cartier explained that the number plates used had been taken from a car being re-conditioned for resale, because of the lack of sufficient demonstration plates.

"You cannot juggle number plates about like this. That is not the intent of the Act," remarked Magistrate Jay in imposing a fine of \$5.

WESTERN CANADA TENNIS

Winnipeg, Aug. 17.—Dr. Weicker, Racine, not star, was eliminated from the men's open singles event of the Western Canada hard courts tennis championship here yesterday by G. D. Holmes, of Winnipeg. The scores were 6-2, 6-2.

In the men's open doubles, Dr. Weicker and Forbes, Winnipeg, defeated Barrett and Ireland, Winnipeg, 6-2, 6-2.

Mrs. Brandon and Dr. Weicker defeated Miss Butler and Miller, Winnipeg, 6-2, 6-1, 6-4, in the mixed doubles.

SUBSTITUTE HAS SHADE

Mason City, Ia., Aug. 17.—Eddie Mores, of Sioux City, substituting for Archie Amos, of Marshalltown, Iowa who was forced to withdraw because of a broken arm, sustained early in the week, shaded Buddy McDonald, of St. Paul, in a ten-round bout here last night.

FOR THE CHILDREN

The Sandman Story For To-night

PRINCESS NAITO AND THE
WITCH—Part III.

Still the poor beggar sat upon the horse and Princess Naito walked beside them. The servants had disappeared and so had the people who had been around the beggar when the Princess first saw her.

They were now in the midst of a deep forest and just as the Princess was wondering about the servants and where she was the old woman suddenly jumped from the horse and they stood before a cave-like place which the old woman said was her home.

"I am the witch of whom you made fun of on the day so long ago when your beauty was taken from you," said the old woman. "You have learned since then to be kind and to know what it means to hurt others."

"This is my home in the deep forest and now that you are the sort of Princess that will make a good Queen and have a right to govern the lives of others, I will take you inside my cave and show you the change that has taken place in your face as well as your heart."

Princess Naito felt the spell that hung over her and did not reply, but followed the witch into her cave. She had no feeling of fear, either.

but knew that she was about to experience that which is only known to a chosen few, those to whom the magic folks show themselves.

Inside the cave was a crystal ball so clear that when Princess Naito

stood in front of a mirror in her own room.

entered she thought at first it was the sun-tumbled out of the sky above.

"In this you will see the Princess that was and the Princess that now has learned to be kind," said the witch. "Behold!"

Princess Naito gazed into the crystal globe and saw her own selfish-hearted self. Covering her face with her hands she cried, "O, how wicked

I was! Never let me be that girl again."

Then the crystal showed the Princess who was kind to the black cat who was lame, the Princess who would not have the boy who made fun of her punished, and the Princess who was kind to the poor beggar boy by the roadside.

Stretching out her arms toward the witch, she cried, "If by magic art there is power, keep me as this girl I now look upon, kind to those in misfortune's grasp and forgiving to those who unwittingly hurt me!"

"Your wish shall be granted," said the witch. "Behold your face!"

In place of the crystal globe the Princess stood in front of a mirror in her own room in the castle with her attendants around her. Strange as it seemed they did not seem to notice in their Princess any change at all—her face was as beautiful as ever.

But Princess Naito knew there had been a change and if the witch who wrought it had been kind enough to throw over her servants and attendants a spell which kept them from knowing her as she had been, Princess Naito was grateful.

And she knew, too, that no one would ever again have cause to complain of her haughty pride and thoughtlessness which had caused so much unhappiness and that when she became Queen she would be worthy to bear that title.

The Boss: Young man, have you ever been to college?

Applicant for Position (in blushing apology): Er—well, yes, sir, I have—but it was only a small college and I stayed only three months.

—Life.

HALT CALLED IN POWER EXTENSION

Up-Island Scheme Now Abandoned, Says Vice-President Goward

The extension of the B. C. Electric Railway Company's power lines up island is still under consideration, A. T. Goward, vice-president of the company at Victoria, announced to-day. Mr. Goward says the extension has been delayed until the company has something rather more definite in the way of revenue producing consumers. The proposal before the company was to continue the transmission line from Bamerton to Nanaimo, supplying Duncan and Ladysmith en route. The Nanaimo Power Company would be supplied in bulk, and in turn would distribute the current.

The project has not been abandoned, Mr. Goward emphasized, but until some of the big industrial concerns contract over a given number of years to take power from the company the prospective financial returns do not warrant the expenditure.

The sudden death of J. M. Savage, manager of the Canadian Collieries (Dunsmuir), Ltd., has seriously affected the situation, as the collieries in the district are among the up-

Island industrial concerns that it is expected will sign contracts before the power line will be extended.

CANNOT TAKE MEN FROM BOULEVARDS

Thistles Must Grow Unless
Other Arrangements Are
Made

Thistles will thrive in Victoria unless some other suggestion is offered, according to comments of Alderman Woodward on the proposal at a recent council meeting that a few men should be taken from boulevard work each day and set to work at slashing the prickly pests whose seed is now spreading for future summer growth.

"The Parks and Boulevard committee cannot legally take men and use them for work on cutting thistles, unless the expense is borne by the proper departments. Property owners pay for the attention of boulevard men near their property, and cannot be expected to foot the bill for slashing thistles in other districts or on city property," said the Alderman. Where the thistles are cut on vacant lands held by the city, the expense should be paid by the Reverted Lands Department, and where the slashing is done on the streets it is the Streets Department that should foot the bill.

FINED AT CHEMAINUS

Cheminus, Aug. 16.—Cliff Cameron, charged here before Police Magistrate H. Charles Price with wilfully neglecting to do his utmost to prevent the spread of fire burning

on property on which he was conducting a lumbering operation; also of operating a donkey engine without maintaining a watchman for two hours after the engine ceased to operate. Mr. Cameron was found guilty. He was fined \$25 and costs on each account.

Victory Bonds

The prices for the long term are lower than they have been for some time.

The price for the 1923 and 1924 have changed but little. We would suggest your changing your 1923 to 1934. It is extremely unlikely that the 1923 will be renewed 5 1/2 per cent in view of the fact the 1923 was renewed

ANOTHER DOMINION LOAN COMING

That another Dominion loan is coming is the statement made by Mr. Fielding before the Commons Banking and Commerce Committee.

The statement was made quite casually, following the suggestion of Mr. Shaw that as Government bonds were becoming more popular, the experiment of offering Dominion bonds might also be tried.

"Anyone who is interested in the statement below:

have an opportunity shortly," remarked the Finance Minister.

RUMMAGE SALE

The Welsh Society has decided to hold a sale of work and rummage sale on September 22 to raise funds for the society. It was also learned that the 144 slides of North and South Wales were being properly arranged, so that lectures may be given which

will help to swell the society's funds. All the officers were delighted with the singing of the Welsh National Anthem of the children at the last regular monthly meeting. The programme committee is arranging a good programme for the next monthly meeting, when it is hoped all Welsh residents will do their utmost to attend.

TO DISCUSS PLANS FOR POTATO FAIR

Dinner Meeting To-night in Chamber of Commerce Cafe

That there was never a more opportune time to put British Columbia on the map as a potato growing province is the opinion of the agricultural group of the Chamber of Commerce. The Provincial Government's decision to hold the annual B. C. Potato Fair in Victoria this year is hailed as a great factor in realizing this ambition. The success of the fair will be materially helped by the fact that the basement of the Arcade Building has been placed at the disposal of the organizers for the fair by David Spencer, Ltd., and the Chamber of Commerce has granted the use of the auditorium for potato growers during the fair.

The possibilities of the potato industry may be realized when it is noted that California potato men are increasing their demands for British Columbia seed potatoes owing to the fact that the seed grown in the North produces better potatoes than can be grown in any other district. Crops in B. C. potatoes in New York are another indication that British Columbia is able to produce the highest grade of potato. As far as the island is concerned, the fact that Comox Courtenay potatoes carried off the honors at Grand Forks last year is sufficient proof that Vancouver Island is a suitable district for the tubers.

The fair will be discussed at a meeting of potato growers and members of the Chamber of Commerce to-night, J. A. Griffith, chairman of the agricultural development group, in calling the meeting, states: "We are confident that the recent decision to hold the annual British Columbia potato fair in Victoria this year will prove very gratifying and of special interest to members of the agricultural group of this chamber."

"Few of us will deny that there was ever a more opportune time to put British Columbia on the map as a potato producing province than exists to-day. It is also very evident, seeing that the exhibition is coming to Victoria, that every effort should be made to assure its complete success."

An evening dinner meeting has therefore been arranged for at 6:15 o'clock on Friday, August 17, at the Chamber of Commerce Cafe, when

delegates from the agricultural districts adjoining Victoria will meet with us to discuss and formulate a programme preparatory to the first announcement as to definite arrangements to be observed during the potato fair.

BARBERS FORGET TOILET AT PICNIC

Successful Function Is Carried Out at Cordova Bay

The barbers' picnic has been held with all its unusual and novel attractions, at Cordova Bay. Five crowded, rally-hos, with numerous touring cars and roadsters, whirled the merry throng, about 200 strong, to the scene of festivities.

McMoran's tea rooms were used as headquarters, where everything that could be desired and that went to make the outing a great success, was unflinchingly supplied. The well-arranged programme of sports went off with the snap and action that indicated the well-thought out plan of an energetic committee. After the foot races and land events several water contests were indulged in, such as swimming, high diving, and canoe racing.

Tea was served at 5:30, then a delightful hour of music was enjoyed. The unexpected was brought to light under the animated and capable leadership of Bro. Harry Stewart. The community sing of "Hail, Hail, the Gang's All Here," and other popular selections, surprised the Summer campers at Cordova Bay.

Girls' race, 5 to 7-1, Clara Smeltz; 2, Hazel McLeod; 3, May Penelope. Boys' race, 5 to 7-1, Jack Beljoux; 2, Dave Duncan; 3, Wm. O'Connor. Ladies' egg and spoon race—1, Miss Connie Meeds; Mrs. J. Holyoak; 2, Mrs. Hood. Girls' race, 8 to 10-1, Dolly Rutledge; 2, Edna McKenzie; 3, May Penelope.

Boys' race, 8 to 10-1, Bobby Robinson; 2, Wm. O'Connor; 3, Clarence Mees. Tally race—1, Jack Stewart; 2, Margaret Hood; 3, Eric Holyoak. Girls' race, 10 to 14-1, Bernice Penzer; 2, Muriel Hoy; 3, May Gibson.

Boys' race, 15 to 14-1, Wm. Crothall; 2, Bud Morley; 3, Teddy Fox. Journeymen barbers' race—1, J. Rutledge; 2, L. Holyoak; 3, H. Hood. Barbers' wives' race—1, Mrs. Hood; 2, Mrs. Penzer; 3, Mrs. Gibson. Lady and gent's three-legged race—1, Bud Morley and Mabel Rutledge; 2, Wm. Crothall and Miss Penzer. Wheelbarrow race—Bob McKay and Mrs. O'Connor; 2, Bud Morley and Mrs. Holyoak.

Bun and treacle eating contest—1, Joe Anderson; 2, Buster McNea; 3, Clarence Meeds; 4, Helen McKenzie. Married ladies' open race—1, Mrs. McGillivray; 2, Mrs. Palmer; 3, Mrs. Genie.

Master barbers' race—1, Holyoak; 2, Jack Pullen; 3, Tom Singer. Juvenile wheelbarrow race—1, Bob Stewart and Nellie Meeds; 2, Phyllis Morley and Wm. O'Connor. Diving contest—1, Paul Paine; 2, J. Green; 3, J. A. Shanks. Long distance swim—1, Pete Halliday; 2, Jack Pullen; 3, Mrs. J. Holyoak. Prize waltz, winners—Harry Stewart and Miss Connie Meeds.

TO PICNIC LABOR DAY

The annual picnic of the Native Sons of Canada, Victoria establishment, will be held on Labor Day, it was decided at a meeting of the organization last night. The event will be held at Mt. Douglas Park, near Cordova Bay, and a strong committee was formed to take care of all arrangements.

COMRADE OF WESTERN SCOTS LAID TO REST

Private H. G. Ellis Buried With Military Honors; Dies From Effects of Gas

Laid to rest with full military honors, the remains of Private Harry G. Ellis, who passed away early Saturday morning, now repose in their last resting place at Ross Bay cemetery. The casket, draped with the Union Jack, under which this comrade son only fought during the years of European upheaval, was carried on a gun carriage, in charge of Driver J. Kennedy, by kind permission of Lieut.-Commander Beard, a firing party from the Canadian Naval Barracks was in attendance, and sent three volleys over the open grave. The blue-jackets were under the leadership of Lieutenant Gow.

Rev. Colonel G. H. Andrews, factor of St. Mary's, Oak Bay, conducted the funeral service, this being held at the Thompson Funeral Home. A great number of friends were present at the funeral, and wreaths and flowers covered the casket. Private Ellis was well-known here. His cheerful and friendly disposition had attracted to him many friends and admirers. He went overseas in 1916, with the 67th Battalion, Western Scots, and was wounded and gassed. He had suffered intermittently from the effects of his overseas service ever since.

The following acted as pallbearers: C. Doyle, G. Lemming, G. H. Lamb, R. Taylor, all personal friends of the late veteran; R. Gillow and A. Mudge, both of the Canadian Legion, C. P. Dawson, representing the Soldiers' Civil Re-Establishment, and J. W. Wallis, representing the Canadian Legion, both were present.

DOCTORS CHOSE VICTORIA FOR VACATION CITY

(Continued from page 13)

While the majority of tourists registering are from the United States, there are many Canadian visitors attracted to Victoria. A sterling tribute was paid by Mr. and Mrs. J. W. Teagle, of Provost, Alberta, to this city. "We have traveled eighteen hundred miles, and find it the best place we have visited," they said. "Friendliness predominates and we regret to leave."

D. Cooper and W. Sheddick, of New York, and E. Nelson, W. Wright and Roger Hurst, of Newark, N. J., recently visited the camp as one party on tour, and were so impressed with both the camp and the city, that they made a notation on the register that they hoped to pay a return visit next year.

H. W. Chenoweth, of Pasadena, California, enjoyed Victoria so much during his visit in July that he returned to the motor camp for a few days, and then moved to Brentwood to spend a month there. W. G. Gaskill notes on the auto camp register that after a visit to the auto camp, Victoria proved so appealing that he rented a house in the city for the Summer season.

Victoria's attractions also made an impression with Mr. and Mrs. C. P. Peirce, of Los Angeles, who were in the register "This is a beautiful place. We wish we could stay a month."

DOUBLE-PLATOON SYSTEM ADVOCATED BY FIRE FIGHTERS

Hamilton, Ont., Aug. 17.—The Federation of Ontario Fire Fighters, at their fourth annual convention here yesterday went on record as favoring a petition to the Ontario Legislature, that the acts providing for the double-platoon system and one day off each week be combined, and also that legislation be enacted giving fire apparatus the right of way over all ordinary vehicles in responding to alarms.

You cannot say a progressive magician that he is always up to his old tricks.
